

Life Updates

Mark Adams

Married/Involved: Married to Kathleen (Kit) Proctor for almost 12 years. She's a prosecuting attorney, but a nice one.

Kids & Grandkids: Daughter, Hayley, age 9, plays kid-sports and the piano, just finished Brownie Scouts. Older daughter, Anne, is married and has two children, Katie and Sean; Anne's a former elementary teacher, now stay-at-home mom. Son, Tom, is high school teacher (history and Spanish) and coach (basketball and golf); still single. Another daughter, Susan, died in an auto crash.

Work: Following law school and a few years of practice, I ended up at the Washington Court of Appeals, where I was court commissioner for 16 years. I retired in 2000.

Life Summary: Attended UO, PSU, and Boalt Hall School of Law (Cal-Berkeley). Except for law school, have lived in Pacific Northwest -- presently in Gig Harbor, on Puget Sound. Met my wife in court (as lawyers, not litigants). Traveled several times to Mexico, Hawaii, and all over Europe. 2001 European vacation: ran Paris Marathon and played golf in Scotland; also ate well. Running, golf, eating: My kind of triathlon! :) Probably most enjoyable educational experience was six-month study trip to Europe my freshman year. Also on trip, were Tony Kirchof, Art Knauss, and Van Swarhout. Great fun, and highly educational. Disappointments? An early one was to fail the Oregon bar exam. Undoubtedly the saddest occurrence in my life was the death of my 12-year-old daughter in 1989. It affected me profoundly and permanently. My first marriage ended in divorce, which wasn't fun either. On the brighter side, I love being a dad and a grandfather!

LOHS Role: Got a great secondary-school education. Had terrific, demanding teachers. LOHS prepared me well for college. I shake my head when I see how easy most high schoolers have it today. Of course, we had to milk the cows before school and then walk 6 miles through the snow, right?

Plans: As a retiree, I chauffeur Hayley around and volunteer at her school, take Spanish and Yoga classes, travel a bit, try to play golf. Been member of a Saturday morning running/social group for years. Someday I'll probably get back into law, perhaps as an arbitrator. Hobbies? I like golf, running and other sports, wine appreciation (although I can't afford the really good stuff). I help build houses for Habitat for Humanity and would like to do that sort of thing in Central America or Mexico. Active in my church. I've run three marathons, carefully spaced. I've published several articles in the legal field.

Surprise Us: Hmmm. At this point in life nothing surprises me, and I doubt any of you are any different in that respect.

1963: U.S. Postal rates go up to five cents for the first ounce.

Judy Arnett Canja

Married: Safron Canja

Kids & Grandkids: 3 daughters (Christine 24; Libby 20; Katy 16). No grandchildren yet but always hoping when the right time comes.

Work: Retired from government work after 20 years as Organizational Psychologist with US Department of Energy. Prior to that career, I was high school Spanish teacher and counselor. Although I officially retired last December, I can't resist teaching and currently teach English as a Foreign Language at Jesuit High School's English Outreach Program as well as English at University of Guadalajara in Mexico a couple times a year.

Life Summary: Since I still have a dependent child at home, I don't get to travel too much although I do go to Romania yearly with my husband (a Romanian from Transylvania, no less) to help him with his wine import business (a very nice hobby)

LOHS Role: Although I can't officially be called a member of the LO 1963 class as my family moved to California at the end of my sophomore year, I do feel very much a part of the LO community. For one, I was able to keep in touch with a number of classmates which kept my memories alive and for another, by living in LO I see constant reminders of my happy childhood here (although they are gradually being replaced).

Bob Barnes

Married: Since 1968 to Tamara, no children.

Work: Sometimes, sometimes not, sometimes too much. Work part-time for import-export company, and part-time for myself. Substitute teach once in a while, to keep my hand in, should the unlikely event occur that I might want to go back to teaching.

Life Summary: Still trying to figure out what I want to do when I grow up. I've never been afflicted with Calvinism. My life has been diversified: went back to school at 40, got couple of science degrees and one in education. Taught in Oregon, Nevada, Arizona, and Mexico. Worked for wages and salary at times, but I've been something of an entrepreneur most of my life. Been owner/part owner of several small businesses, a slum lord, a writer, and a gambler. The longest "real job" I ever had was dealing live poker for seven or eight years. What a blast! Pay was adequate, and it gave me time to manage my real other enterprises and fish the Colorado River anytime I wanted. I travel to Mexico monthly for Bahia Traders and to look after my own Mexican enterprises (hotel and a

security business). Keep a boat on Sea of Cortez, and am thinking about relocating to Mexico if I can talk Tammy into it. We are full-time RVers. We live in a 36' 5th wheel, and have a 26' travel trailer in Puerto Penasco or Kino del Mar, Sonora (depending on where the fishing is). I guess sport fishing is my vocation, and "work" is what I do in my spare time. I have a couple of million bucks worth of bionic parts, and a half mile or so of scars on my body, but life is good, maybe even better since I'm still here. I'm not sure I want to "grow up." "Grown-ups" don't seem to have near as much fun as I do.

LOHS Role: Never thought much about it. I guess I received a pretty good basic education. I had a couple of damn good teachers.

Plans: Hope to catch (and release) 2000+ lb. marlin and a 200+ lb. dorado. Retirement? N/A (What is retirement?)

Surprise Us: I'm still married to the same lady? I'm still alive? Those things are a surprise to me!

1962: Polaroid introduces color film prints which develop in 60 seconds

Kathy Barnes Kruse & Ken Kruse

Married/Involved: Married

Kids & Grandkids: Son, Randy is building Central Oregon and daughter Christy is making the signs. Grandson, Ryan, has them both in the palm of his hand.

Work: Ranching, Alfalfa Hay.

Life Summary: We work from March to September putting up hay, and then it is hunting and snowmobiling. On a good year we can snowmobile from the house to most of the local riding areas. Both Randy and Christy are excellent riders and keep everyone challenged. Ken hunts from the time we shut down the machinery to the last available season. Christy and I raise quarterhorses. We live in God' country.

LOHS Role: Whew.....tough one. It was required.

Plans: We do like where we are. Have lots to do yet. Faster horses, bigger elk, faster sleds, taller mountains. I guess we are retired six months of the year. We don't know how to retire for real.

Surprise Us: Can't remember yesterday, let alone forty years ago.

1962: The National Guard is called out to oversee the integration of the University of Mississippi as James Meredith becomes the first black to enroll.

Joanna Bennett Zamora

Married/Involved: Married for 34 years to Jorge

Kids & Grandkids: Three children: Oldest is 32, married, lives in Medford and has one beautiful 8 year old boy. Second son is in graduate school at University of Florida, also married and expecting his first child. Daughter is a junior at Mills College in Oakland.

Work: Registered nurse; have worked at Regence Blue Cross/Blue Shield of Oregon for past 15 years. Previously worked in ICU at Meridian Park Hospital for 10 years. I do evidence-based technology assessments. Hope to retire when my daughter graduates which should be in about two to three years.

Life Summary: Attended U of O for two years and transferred to the nursing school on the "hill." I was in Navy Nurse Corp for two years in Florida. Married Jorge; he finished school at U of Florida while I worked. Following his graduation we moved to Costa Rica for seven years. My two boys were born there. My husband was country co-director for Peace Corps and worked for Merck Sharp and Dome marketing their veterinary pharmaceutical line. We returned to Oregon in 1976; Jorge worked for Crown Zellerbach.

LOHS Role: The solid education, the secure environment we lived in then and the great friends. I feel blessed that I lived and was educated here. So much so that when it was time to return to the states we came right back to LO so my children could receive the same wonderful education and experiences.

Plans: My husband and I hope to retire in Northern Florida where we have lots of family. We would have easy access to Costa Rica where we also have family. My soon-to-be-born grandchild lives in Florida, and I want to be close by to watch him/her grow up and participate in his/her life as much as possible.

Surprise Us: No surprises in my life - it's pretty ordinary. As empty nesters, we spend much more time together than we have for years, and we're sort of renewing ourselves as a couple. We love our home and our life, we're terribly proud of our kids and how they've turned out and we have our health. It doesn't get any better.

1963: Dr. Michael DeBakey uses an artificial heart to take over heart functions during surgery.

Ron Bennett

Married/Involved: Divorced/dating

Kids & Grandkids: Son: Engineer in computer business; Daughter: Teacher, getting married in November.

Work: Photojournalist. Director of photography.

Life Summary: [with Ron's permission, we have pared his lengthy biography.] After college, moved to LA to shoot Hollywood and sports; then to Washington, DC. Famous photographs include President Nixon resigns and departs South Lawn of White House with victory sign, President Ford runs on tarmac to Air Force One after avoiding Helen Thomas questions on Vietnam pull out. President Carter, Sadat and Began at Camp David peace accord. Sports pictures are in Hall of Fame. Began with *Oregon Journal*; joined staff of UPI; worked for AP, *Time/Life*, *Newsweek*, *U.S. News & World Report*, *Sports Illustrated*, *San Diego Union* and The Executive Branch of the US government. Worked with presidents from Kennedy to Bush. Photographed Watts riots, Charles Manson murders; anti-war demonstrations; bombing of U.S. Capitol; Watergate; return of POWs from Vietnam; Vietnam My Lai courts-martial; Three Mile Island meltdown; eruption of Mount St. Helen's; fall of the Shah of Iran; Pope John Paul visit to US; Academy Awards; Olympics; World Series baseball; Rose Bowl; World Champion Heavyweight Boxing; Reagan and Gorbachev summits, attack on Twin Towers. Traveled with Presidents of United States to most countries. Exhibitor in juried arts shows. Internationally market photographs and notecards. ACHIEVEMENTS: Nominated for Pulitzer Prize for photographs of the assassination of Senator Robert F. Kennedy. [Editor: plus many more awards.]

LOHS Role: What a wonderful place to grow up. Spent my youth water/snow skiing and swimming. Always enjoy coming home.

Plans: Plan on visiting all of national parks in 5th wheel, continue to shoot fine art photography and sell it. Since I have traveled to most every country in the world and never really seen them (stayed in 10 Downing street, castles, presidential home, etc.) I would like to do the backroads of some of the countries I have visited and get chance to really see the countries and people.

Surprise Us: I still enjoy my work!

Leslie Bernstein Rosen

Married/Involved: Married 33½ years to Alan

Kids & Grandkids: Three kids --David 28 who works for his Dad, Michael--25 who is presently trying to become an actor but is realistic enough to also be applying to laws schools for 2004 and Mari--22 who is getting her second degree or possible masters this year.

Work: Have taught school, had a PR business in hotels and am presently working on three new projects.

Sorry to miss the reunion but a family wedding (Alan comes from a very large Seattle-based family) took precedence.

1962: The first K-Mart and Wal-Mart open.

Nancy Betty Ferril

Married/Involved: No, sorry to say. I am a contented grandma ("Nana"). However, I wouldn't mind finding someone to share my "golden years" with. I don't want to be one of those "spooky" old ladies who lives with two dozen cats.

Kids & Grandkids: My children are grown, and on their own. My daughter Alison has given me 2.8 (still no baby yet) granddaughters. Like their parents and their Uncle Patrick, they are bright, funny, extremely smart, full of energy, with big sparkling eyes and heart-melting hugs. Can't wait for my son's contribution

Work: I am still working (I do love to eat) and am executive assistant for the owner of a financial planning group whose specialty is "golden parachutes" for highly compensated executives. Interesting, and since not working is not an option, I have possibly the best boss ever.

Life Summary: Life has been the best teacher. "If I knew then, what I know now..." I've learned to enjoy and appreciate, and that a sense of humor is priceless! My greatest pride and joy (except for "puberty" years) has been watching my children grow into such good people and, grandkids have shown me that life does renew itself.

LOHS Role: It was just one of the best times. We were all so lucky to have grown up in LO when life was still so innocent and everything was possible.

Plans: I would love to travel and see the world.

Surprise Us: A practical tip: It is really stupid to pay money to bungee jump 175 feet off a bridge!

Bob Bevan & Gretchen Miller Bevan

- Just celebrated our 35th wedding anniversary.
- Have 2 daughters, Michelle in LA works as Pfizer pharmaceutical rep. Her husband died suddenly a year ago, and she's had her hands full recovering. She's managed to be part of the number 1 sales team in the nation after she graduated from USC. Daughter Amy lives with her husband in OK City, and has given us 3 grandsons and 3 granddaughters.
- Gretchen retired from elementary education a few years back. I've been a practicing psychiatrist since graduating from Oregon Health Sciences University and completing training at University of Arizona Medical Center.
- Gretchen graduated from OSU in 3 years and taught grades 1 to 3. She supported the family through med school. We moved to Phoenix in 1971 where I interned and then to Tucson for 3 years to complete residency. Gretchen was a stay-at-home mom. She served as President of the Maricopa County Medical Auxiliary and President of the Arizona Medical Auxiliary
- Spent next 2 yrs. in lovely Fort Benning, GA, courtesy of US Army. What a thrill. Returned to Phoenix where I trained psychiatric residents for two years; then went into private practice. Mostly do forensic psychiatry. Lived in Paradise Valley for 20 years and also own home in Flagstaff where we spend summer weekends. Gretchen is master docent at Phoenix Art Museum and currently serves as chair of Paradise Valley Arts Council.
- We enjoy traveling. Upcoming trip to Guatemala, then Zimbabwe. Favorite travel destination is Santorini, Greece.
- Greatest joys are our children and grandchildren. Our worst disappointments include the death of our son-in-law 8/9/03 and Gretchen's father now facing terminal pancreatic cancer. We're both disappointed we won't be able to attend the reunion. We hope you all have a great celebration!

Terry Lynn Bockes Figueras

Married/Involved: Widow 2 1/2 years/Single/No involvements. Married 32 years. Husband passed after 15 month battle with primary brain tumor.

Kids & Grandkids: Put 3 kids through college, grad school, med school + weddings. A doctor, teacher & golf professional/coach. All 3 starting families. Have 6 grandchildren (3 boys/3 girls) all under 4 1/2 years old & expecting 7th next March.

Work: Retired: Architectural Services /Office Management. Manage Trust Investments.

Life Summary: Grad O.S.U. Gave up Career Commercial Office Interior Design to marry Architect. Lived in San Diego 33 years. 24 years affiliated with Junior Golf Programs, Junior World & PGA Tournaments. 25 years worked/hosted Election Polls. Traveled in Spain, Europe, Italy, Greece, Japan & Mexico. Visited White House twice including West Wing. Collect Stamps, Cards & Coins (Golf topical - world wide extensive) also Spain & U.S. Research, studies on natural supplements & treatments for Brain Tumors & Breast Cancer.

LOHS Role: Was major turning & BALANCING point: From being raised and worked on 13 acre farm with pond and fruit trees plus horses, dogs, cats, rabbits & attended SMALL country school (Principal taught 7th & 8th grades = 9 kids). To BIG school, snobby community, offering sports, fabulous Arts & Drama departments and college prep.

Plans: In major transition. Experiencing emotional rewards of respect & appreciation from raising good family. Enjoying grandchildren, second time around is a lot more fun. Emotionally-- think I would like to find companionship to share experiences, have fun, improve health, dance, travel, and take care of me for a change. The first steps of breaking old habits & getting out of ruts and comfort zones are the hardest. Need help & encouragement to look and experience brighter side of life, humor, take chances etc. Rather than always being on guard, being careful, and complaining about what is wrong. Rediscover simple things & appreciate what is right with nature, life & God's creations.

Surprise Us: Key to successful life is NOT instant gratification but rather seeking BALANCE in all areas, freedom for emotional expression and maintaining RESPECT for all things.

1960: First debate for presidential election was televised between John F. Kennedy and Richard Nixon. When Kennedy accepted the Democratic nomination, he urged Americans to meet the challenges of a "New Frontier."

Barbara Bohlman Sonniksen

Married/Involved: I've been married to my husband for more than thirty years.

Kids & Grandkids: I missed 20th reunion as I was eight months pregnant with my only child Krissy who is now sophomore at University of Oregon and running on their cross country and track teams. She just finished third in Bridge to Bridge Race.

Work: For 32 years, taught history, geography, government and economics in Beaverton School District. Greatest thrill was being member of planning team for "new" high school, Westview, and member of their first staff.

Life Summary: My life has been focused on education. I've traveled to Europe twice and was member of delegation of Beaverton educators to travel and study school system in Japan.

LOHS Role: The friendships, acquaintances, and Lake Oswego environment provided a unique influence on my life.

Plans: In the last few months I've become interested in land use planning (or lack of) in Washington County and slowly learning about the political process. Most of my last year has been spent fishing and traveling with my husband but looking for something else to occupy my energy.

1961: President Kennedy sent a group to Vietnam to report the conditions. A report known as the "December 1961 White Paper" urged spending more in military and economic aid.

Barbara Bowling Dunnahoe

Married/Involved: Very happily married to Dick Dunnahoe. He is a contractor, specializing in remodeling kitchens, baths, and basements. He adores me...what more can I say?

Kids & Grandkids: My wonderful daughter, Briana, is happily married, teaching 2nd grade, and living in Edmonds, WA. She is my greatest joy in life. Dick has three children who were grown when we married. We see the two boys often and enjoy their company.

Work: I am teaching 2nd grade and have "looped up" with the group I taught last year as first graders. As this is my 34th year of teaching, it will be my last. I have had a wonderful career, and I have been loved by, and have loved, hundreds of students and families over the years. Looking back, I can honestly say that I have made a difference. I also dabble in selling Mary Kay Cosmetics, hoping to work my business more after retirement. Now you know what the "mkgirl barb" on my e-mail name is.

Life Summary: Went to OSU, married my college sweetheart, lived in Germany for 1 1/2 years working, traveling and skiing, including Women's Olympic Run! Upon returning to the States, started teaching in Reynolds District. I enjoyed taking art classes along the way, including a Calligraphy class from the famous Lloyd Reynolds. My daughter, Briana, was born in 1976 and has been such a blessing to me. Life dealt me some challenges in a difficult marriage, but this drew me closer to the Lord and showed me strengths I didn't know I had. Met Dick in a swing dance class, and we have been married for 12 years. We enjoy biking, skiing, gardening, helping others, and serving our God. I have been richly blessed.

LOHS Role: LOHS was a wonderful place to grow up and learn. It was small enough for a shy girl like me to find her niche, yet big enough to see the need for an excellent academic program. I had the pleasure of seeing my daughter graduate from LOHS and receive the same excellent education as I did.

Plans: I will retire this year, and I am excited to see how God will use me. I know He has great plans for this next season of my life where I can use my talents and gifts.

Surprise Us: I was very shy growing up, but somewhere along the way I changed! Once I danced on the table in the staff room at my school. It was a snow dance...and it didn't snow at all that year. I haven't done that dance since!

1961: President Kennedy began the Peace Corps and established the first Presidential Commission on the Status of Women.

Mike Bray

Married/Involved: Married to Carolyn for 32 years. Met in Honolulu in 1970.

Kids & Grandkids: Two children, Patty 29, married, and Jimmy, 27. No grandchildren.

Work: A financial advisor for Morgan Stanley (formerly Dean Witter) and have been with them in Orange County for 28 years.

Life Summary: Finished last two years of high school in Danville CA and graduated from Whitman College in 1967.

Entered Marine Corps Reserve in '67 and started my career with Dun and Bradstreet in '68 writing reports on businesses. Joined sales staff and transferred to Honolulu, where I met Carolyn. Left D&B in '75 and moved to southern California

where we continue to live in the same house. Scuba diving and underwater photography have become a passion in recent years. We have traveled to the Caribbean, Fiji, and Hawaii several times to enjoy our hobby.

LOHS Role: Social skills learned in both junior high and high school helped transition to a career in sales. Some of the best teachers I had in all levels of education were in the Lake Oswego school system; topping the list would be Byron Meurlott, Dorothy Peetz, and Mrs. Walth.

Plans: I plan to retire in 3-4 years and spend as much time scuba diving and traveling as I can afford. Actually, I'm trying to work the trips in while I work, too.

Surprise Us: Most people have a hard time believing I was trained with the scout snipers in the Marine Corps. Actually, I have a hard time believing it!

Janet Brobst Kilpatrick

Married/Involved: Single

Kids & Grandkids: Two wonderful children: Scott is 28, married and lives in San Francisco area. He sells commercial real-estate for Markus & Millichap; his wife Dee, teaches third grade. Kristi is 26, married and lives in Cincinnati, OH. Her husband, Michael, works for Procter & Gamble and fills our Christmas stockings with toothbrushes, Crest toothpaste, Swiffers, Oil of Olay and a lot of other products too! It is always fun to see what the new "hot product" might be. Kristi teaches first grade just outside Cincinnati. No grandchildren at the moment, but maybe someday!

Work: I just retired in June, after teaching 20 years for Portland Public Schools. I am definitely going to miss all my second graders and the delightful stories that they told. My favorite one being the little boy who asked me how old I was. When I told him it really wasn't polite to ask a lady her age, another little boy piped up, "Oh no, you just never ask a woman how much she weighs." He then proceeded to inform me that if you really want to know how old someone is you just get in their purse and read their driver's license. "You know," he said, "I found out that my Mom is 5' 2" tall, she weighs 156 pounds and she 'Flunked' sex!" Plans for the future.....cleaning out 25 years of accumulated junk. After that, maybe teaching Hispanic adults to read and write in English or working with handicapped children.

Life Summary: Attended OSU and graduated in Home Economics with minor in Clothing & Textiles; then obtained degree in Elementary Education. The Vietnam War found us moving from one military base to another including Georgia, New Jersey, Kansas and back to Oregon. Next stop was Seattle for two years, five years in LA area and six months in Indonesia. Returned to Portland in 1977. Life in Portland has been mostly family, friends, house projects and working---you know how that goes! Of all my travels, ten days in Belize is my favorite. Swimming with the Manta Ray, watching giant Frigate birds glide across the sky, visiting ancient ruins and zipping around the island in a golf cart seemed like the perfect vacation. I must admit that when we first arrived in Ambergris Key, I was a little taken back by the sand streets, lack of cars and total laid-back lifestyle. Life has been good....

LOHS Role: Lake Oswego High School evokes many fond memories of safe times. I look back at our canned food and paper drives and realizes how much spirit we had as a class. I am honored to have been a part of that and to have so many friendships today that were established over 40 years ago.

Plans: Since I just received a call from PERS that they have lost my retirement papers, I may be going back to work sooner than I thought! PERS had 4,000 retirees on June 1st and lost six sets of papers--including mine. I do plan to substitute teach next year and spend more time at the beach.

1960: NASA sent up ECHO, the first communications satellite to be seen with the naked eye. The American "U-2" spy plane was shot down over the USSR. 1961: Soviets sent the first man into space, Yuri Gagarin. Alan Shepard was sent into space in the "Freedom 7." 1962: John Glenn became the first man to orbit the Earth---3 times. It was a five hour flight

William D. Brockhaus

I am Bill's wife, Julie. Because of business, he has not had a chance to respond, so he asked me to give a response

Married/Involved: Bill is married to Juliana Black, they just celebrated their 6th anniversary.

Kids/Grandkids: Bill has three children from a prior marriage. Bill also has two stepsons, Josh and Kody. They both graduated from law school recently and Kody is a practicing attorney.

Work: Bill is Director for International Development for Everpure, Inc. He has been with Everpure for 29 years in various positions. Everpure is involved with water filtration. Bill travels Europe, Asia, South America extensively in his position.

Life Summary: Bill graduated from University of Oregon in 1967. From 1967 to 1969, he served with the Peace Corps in Turkey as a teacher. From 1969 to 1974, he attended University of Kentucky, receiving MA in English and also was student in PhD program. Attended University of Istanbul in 1972 as Fulbright Scholar. He speaks fluent Turkish and Japanese. Bill has worked for Everpure since 1975 and also started Everpure Japan subsidiary; working and living in Tokyo for 9 years.

Plans: Future plans would include at some point retirement, grandchildren and lots of golf. I'm sure Bill would have done this better, but hope it's alright. Julie Brockhaus

Carole Brown Tinker

Married/Involved: I have been married for 36 years.

Kids & Grandkids: Two great kids. Jeff (27) married to Alison, lives in Tigard; they are expecting first child in December (a boy). Jeff graduated from OSU and is a project analyst (accountant) with NIKE. Alison is a recruiter for Legacy Health Systems. Jennifer is 26, graduated from PLU, lives in Tigard and teaches biology, anatomy and physics at Wilsonville High School.

Work: I retired in August. Was administrative assistant with Weyerhaeuser & Menasha Forest Products for 29 years.

Life Summary: This will sound rather boring. I graduated from OSU in 1967, got married and worked for US Forest Service while George got his masters degree. We moved to Coos Bay and have lived here ever since. George just retired after 35 years of teaching at Marshfield High School (biology, oceanography and an estuary class). We had two kids who were constantly involved in sports and student government. Jeff was center on 1992 championship football team that beat LO along the way. Jen was named to All Defense team in basketball her senior year. I did the usual...room mom, Campfire leader, Sunday school teacher, Booster Club secretary, chaperone and decorator for everything. It was a lot of fun. We belong to Coos Bay Yacht Club and own San Juan 21. George has done most of the traveling. He took two groups to Japan and two groups to the Cook Islands showing them how to test their water supply. He was named Oregon Biology Teacher of the Year, Outstanding Science Teacher from State of Oregon, and the Northwest Marine Educator of the Year. He runs Marshfield Auditorium and will continue to do that and teach half-time next year. Our lives have really revolved around the school district and its many activities.

LOHS Role: LOHS was a great school to attend. It was academically sound with great teachers, student leaders and great friends. It was also a safe environment in which to attend school.

Plans: Travel because we have put it off for so long. I really want to take time to relax, improve myself mentally, physically and spiritually and then get involved with some meaningful volunteer work. I volunteer with SMART (Start Making A Reader Today) and would like to work at the hospital. Then there's a grandchild on the way to help nurture.

Surprise Us: I can still say (never could sing) the school and fight songs..."Hail to the Purple and White!"

1960: The first Playboy Club opened in Chicago.

Christine Brown Ullrich

Married/Involved: Divorced and Widowed-- can you be both? Currently uninvolved, but you never know...

Kids & Grandkids: My son, Matt passed away in a car accident at 17. I still have my two neat daughters, 24 and 22. The eldest is getting a degree in Internet Tech. The other, hasn't decided what she wants to do with herself. In the meantime, she's working for a company called, DVD Planet. They sell almost any DVD a person could want.

Work: Yes, I'm still working. I'm an Instrument/Electrical Tech. I've been doing this for twenty years. Money's good and work is steady, but I can't wait for retirement!! Five years more, I can't wait!!!

Life Summary: I married at 24. We had our first child in 1971. We decided to move to California one week when there was a silver thaw. I've never regretted the decision. Melissa was born in Santa Barbara and Mitzzy was born in Ventura. If you're getting the idea that we moved a lot, try 33 times in 11 years. That's one of the reasons that we divorced. Can't complain though. Life moves on and it's always interesting. I know lots of very neat people. I do wish that I'd known more of you better. I'm not a shy person anymore, but I sure was back then.

LOHS Role: I think of the great education we all got and in comparison to what the schools here have given my kids; I wish I'd paid better attention. We had a small, select group of kids and some pretty motivated teachers (or do the years in between just make it seem so?) Life was good, and we all got a really good start. We had some fun and went out into the world with lots of tools to make life better.

Plans: When I retire, I plan to find a small South Sea Island and lose myself. No, but seriously, I'll stay here and enjoy myself, do whatever I want, whenever I want. Sounds good to me. If any of you come this way, call and say "Hello." I'd love the chance to get to know you again. Till then, God Bless, Take Care, Be Happy With Love, Chris

Jim Bunch

Married/Involved: Married: 35+ years to Sandy

Kids & Grandkids: Children and grands on two continents. Daughter Mistie (32) in Portland - 2 children: Andrew (10), and Joshua (9). 2 sons, Corey (29) and Jonathan (27), in Cuiaba, Brazil. Corey is married to Suzi; they have a daughter Jennyfer (3) and one on the way in about 3mo.

Work: Christian Missionary

Life Summary: U of O couple years, became Christian, married in '68, sold insurance in Seattle & 3 years in Bible College. Helped start Church in Issaquah, preached 'till '74. Church planting Mission to Brazil 21 years. Mission to "Overseas Students" - Wales 7+ yrs., now in Birmingham (English midlands).

LOHS Role: Good memories & friends from LOHS, LOJHS, FHE.

Plans: Next 10 yrs in Birmingham continue "International Student Christian Network Ministry" we pioneered in Wales. Hope to be joined by Corey & Family for co-ministry.

Surprise Us: Nearly killed by "KW" dumptruck, 25th of June 1963, crossing to the Family Drive-in (to see a movie! Naught!!!) with "old flame" Rae Ann (Lentz). 3 mo. in Hosp.! Praise God, both survived!

These verses becomes especially meaningful as we touch lives of "International Students," leaders and future leaders of the nations....some of the most influential people on earth: "On account of me you will stand before governors and kings as witnesses to them. And the gospel must first be preached to all nations." Mark 13:9b-10 "All the nations will be blessed through Him, and they will call Him blessed." (Psalms 72:17) Jesus Loves each one of you...and so do we !!!

Larry Cable

Married/Involved: Married to Gayle - 36 years

Kids & Grandkids: Two sons. Sam is grass seed broker. Abe is a lawyer. Both live in Portland. One grandson - Presley 2 ½. They are all really cool. Presley can hit a golf ball farther than a goodly number of my shots.

Work: Partner in larger law firm for 19 years; started Cable, Huston, *et al.* 12 years ago. Do electric utility and municipal finance work. Actually a lot of fun and sometimes arguably worthwhile.

Life Summary: Graduated from Stanford in '67 and Willamette College of Law in '71. Coached boys' little kid teams for years. Lived in two houses: one for 5 yrs.; the other for 25. Play a lot of sports—mostly golf these days (not very well).

LOHS Role: I had moved a lot before I came to LO as a freshman. First chance I had to make lasting friends. I thank my classmates, especially Larry, Fred, Gretchen, Sandy and Midge. You were the foundation by which I was able to build such a nice life with Gayle, Sam, Abe, Presley.

Plans: Keep working until I go on vacation and am not anxious to get back. Will probably retire to the beach where we have a house. Would like to see Presley win US Open or pitch no-hitter for the Yankees. Have traveled a lot so "seeing the world" is not all that important to me. I've had all the houses, cars and things that I ever really cared about. Would like to see the law firm we started continue to grow and do well.

Surprise Us: I sing Elvis Presley tunes at weddings.

As air travel increased in the 60's, the era was given a new nickname: "the jet age."

Ginny Campbell Adelsheim

I'm still living out at the vineyard Dave and I started back in 1972, living in the house we built. Dave and I are separated but I have 9 cats to keep me company. I converted the old winery that is attached to the house into my ceramics studio-factory where I make tile for Pratt and Larson Tile Company (the Larson half being Reta Hutchins). I also make terracotta architectural and garden pieces. I'm still playing the piano for my personal enjoyment. My daughter, Lizzie, is 21 and a senior at University of Chicago, majoring in philosophy. She is home now helping me whip this place into shape for a wedding I'm having here Aug. 9th for 150 ppl. I'm enjoying living alone for the first time in my life at the age of 57. Look forward to seeing many classmates at the reunion but don't expect to be recognized by most.

Joe Campbell

Married/Involved: Married to Sherri

Kids & Grandkids: Two boys: Chris, 29 & married; Rob, 22, not married. No grandkids

Work: Still working as a letter carrier for U.S. Postal Service

Life Summary: We were on vacation during reunion. Took train to Pittsburgh, then spent 12 days on *Delta Queen* Steamboat. Were on Ohio & Mississippi Rivers & spent 3 days in Memphis.

Plans: Do more travel

Surprise Us: Elvis really is dead

The Twist was the most popular dance in the 60's. People thought it helped them let go of the Cold War tension.

Judith Carson Mason

Married/Involved: Married to Glenn Mason

Kids & Grandkids: "Auntie" to Glenn's 3 grandsons (4 mos.; 3 yrs; 4 yrs who live in Spokane, WA and Sakai, Japan)

Life Summary: Went to UO, leaving year before graduation to go to West Africa, doing line drawing illustrations for friend's cultural anthropology dissertation. Vowed to make major trip every 2 years; have visited over 20 countries. Finished BS, emphasis on Art History (PSU) & later Master of Library Science (UO). Married German citizen, Heinz Croes; lived/worked in Dusseldorf, W. Germany. In 1980, moved to SF for 14 years. Worked as Dir. of Library and Learning Services for technical college. Received Masters in Museum Management & became Dir. of Cupertino Historical Society Museum. Heinz and I divorced. Met present husband, CEO of Eastern WA State Historical Society/Cheney Cowles Museum in Spokane. Married in 1994. Spokane was huge culture shock. I became an activist. As Director of "Leadership Spokane" and Dir. of Community Development for Chamber of Commerce, worked closely with different races/cultures, including local tribes. Appointed to City Human Rights Commission; helped draft ordinance, including recognition of rights for gay, lesbian & transgendered people. Helped initiate dialogue with community/cultural groups. Was awarded Outstanding Citizen Award for my work. Moved to Portland in 1999 & started Cultural Images. Consult with museums, libraries, etc. on collection management/community relations. Have worked with Oregon & Marion County Historical Societies, Museum at Warm Springs. Deal in vintage photography, rare books, art/accessories of Arts and Crafts period.

LOHS Role: Transfer as Senior and was miserable. But LOHS set a high bar, and college became a "given." A rather abstract "role," but it definitely impacted my life path. After 40 years' consideration, I say "Thanks!" LOHS.

Plans: The Peace Corps may be in the cards. Who knows?

Surprise Us: I did not know my classmates very well; the reverse is also true. I guess the surprise would be that I exist.

A popular hairstyle was the beehive, where hair was teased and piled high on the head.

Midge Carter Thierolf

Married/Involved: Husband: Richard Thierolf

Kids & Grandkids: Son, Carter Maurer Daughter, Anya Maurer

Work: Field Representative for U.S. Senator Ron Wyden

Life Summary: Lived in Ashland for the last 30 years. Worked at Medical Technology, Landscape Planning and Politics

LOHS Role: Solid base for great friends

Future: Plans: Stay healthy and have fun

Surprise Us: I don't know

Kathy D. Clark

Married/Involved: Single

Kids & Grandkids: No children. Two cats and a neighborhood set of raccoons, and wild turkeys

Work: Retired Dec. 31, 1999 from Sr. Associate Athletic Director at University of Idaho. Was there for 25.5 years.

Supervised all men's & women's sport programs except football and men's basketball. Made sure everyone was eligible for competition and financial aid, and that we followed the rules and graduated our Student-athletes!

Life Summary: Traveled extensively with my athletic administration and since retirement. Enjoy the climate in north Idaho, but am learning the joys of Palm Springs for the 3 or 4 worst winter months. Thoroughly enjoyed athletic administration and long ago coaching, but enjoy retirement much more. Play a lot of golf, fish, travel, and enjoy having company and sharing the beautiful view of Lake Pend Oreille from my deck. My family has all moved from Oregon, so I don't get there much anymore. I do get to an occasional OSU football game when they head this direction or when I travel with the Idaho team. Favorite trip was cruise to Tahiti and the South Pacific to celebrate retirement. I also recommend cruising through Panama Canal. Had one cruise of a lifetime (30 days from Athens to Singapore) cancelled due to 9-11 and cruise line bankruptcy, so am still looking to do that one!! Sorry to miss everyone at the reunion. Call whenever you are in my neck of the woods!

LOHS Role: One of the best places to grow up. Very fond memories of summers on the lake and the great faculty.

Plans: Still planning on more travel, and still have hopes of winning the club championship in golf. Managed to shoot 79 my last three outings!

Surprise Us: My grandfather Clark lived to be 103, and was in good health, vision, hearing and mind until he died. I once had two holes in one in golf within 9 months about 8 years ago. None since!

Pat Cooney Nida

Married/Involved: Married 30 years, 3 kids, Kimberli 34, Dean, 19, Katy, 17.

Kids: Kimberli, a professional singer, works at Art Institute of Portland. Dean and Katy are still "our age" (the age I think we still are). Dean, a champion debater, is in college & works as mechanic on vintage race cars. Katy is senior at Lakeridge. She's in choir, a captain and flyer on cheerleading squad. I go to the games, hold my breath, and act PROUD!!!! "Civil War" games with LOHS are family crisis, however. Every time my kids head out with a bunch of buddies, I remember our paper drives, trips to A&W, and the other fun we had. Only thing that has changed is the price of gas.

Life Summary: Finished doctorate in education at UW in '73 and have been professor and consultant since then. Ross' Army career took us all over US, and in Panama; we retired to LO so kids could go to Oswego schools. For a while I had a flower shop in LO, Patty Kay's Garden, and did garden design.

Work: Educational consultant to high poverty schools around NW to help improve reading and student achievement. Train teachers all around country to help them plan hands-on activities about Lewis and Clark Bicentennial commemoration. I get to go to Monticello, top of Rockies, on Indian reservations, and take boat trips on rivers. If all work was this much fun, none of us would retire.

LOHS Role: Gave me skills I use every day. Lieske taught me to think and to write; Jack Lee Powell taught me to talk in public. They were two of the best teachers I had, and I'll be making my memorial contribution in their honor. I'm grateful for friendships of classmates, not only ones I knew "then" but ones I know now that we have had reunions. Hope to see all of you in 5 years. But, next time, more swimming!

Surprise Us: I've turned into a singer--not just a hummer. Mr. Powell would let me in the chorus now.

Susan Cox McComas

- Will be married on Monday, September 15th for 35 years to Hayden Scott McComas!
- After 2 fun years at the UO, finished BA at Portland State and attended Harvard Graduate School in Anthropology and Middle Eastern Studies. Married Scott and we have lived in Los Angeles for our entire married life. He grew up in Beverly Hills, and his family is still here.
- Two children - Son, Hayden, 30, lives in SF. He was one of the very lucky dot.com kids that made a fortune! Daughter, Erin, 28, lives in Marina del Rey and is Director of major men's fundraising group at Music Center. Neither is serious about anyone at this time.
- Scott is retiring in a few weeks so I may just increase my hours at my part-time job! I work for a retired real estate developer, and we run his 5 industrial parks in Orange County. It's fun and keeps me out of the stores!
- We sent both our children to private schools in LA, and I often reflected that their education mirrored my education at LOHS - only much more expensive!
- For those of you who knew my parents, they are both still alive - 89 and 88 and live at Salishan. My mother plays golf 3 times a week and my dad tries to except for a bad back!
- Sorry to have missed the reunion - but hope to make another one when we're visiting my parents. Regards to all.

Lack Lemmon
Steve McQueen

Paul Newman
Peter O'Toole
Gregory Peck
Sidney Poitier
John Wayne
Natalie Wood

Kathy Deal

Married/Involved: Several people have asked me when I'm going to get married, so here's the scoop: I've lived a life full of twists and turns that has included three marriages. I have more to be thankful for than to regret but if I'd kept all my names I'd be Kathy Deal-Fritsch-Fitzgerald-Swarthout. So just call me Deal. Van and I are working together to raise our 16-year old daughter, Jaime. She's a really interesting person who loves riding and jumping thoroughbred horses and spends most of her time training and getting ready for events. She's also a writer, a mathematician, and a linguist and lots more. She's my favorite person.

Work: I'm retired from a 15-year stint at Metro working for the Exec. Office as a Public Affairs Assoc./designer.

Life Summary: Went to U of O and UC Berkeley - studied design for architecture and communication design. First glamour job: painting U of O mascot duck on restaurant windows etc. for sports events. Early travel to Mexico-- painted postcards and sold them to tourists with a little line on the back that read "hecho en Mexico". Since then I've always felt I could make a living of some kind no matter what. From there I've done about everything from the ridiculous to the sublime. Favorite places: Paris, Greek Islands (the little one where no cars are allowed) and Portugal where the little store in the lobby sells "clean necks" if you get the sniffles.

LOHS Role: I remember being in my first architectural drawing class and having to play a fast game of catch-up behind the boys because high school girls had not been allowed to take the drafting classes. Wow, can you imagine? Mostly I'm thankful for the basic education we received - we had some super teachers.

Plans: I plan to resume working at some point in time but right now I'm paying a lot of attention to my health - I have a progressive liver disease that's sent me through chemotherapy and many graceless changes. Disease is a maddening and unalterable tour of reality. For me the most difficult part is the lack of control that no degree of rage or bartering will change. The cool part is I've succeeded in making my life better, and I am hopeful about what's next.

Surprise Us: I was only 10 when I graduated from LOHS. That's why I'm so much younger than you all are!

Diane Dehner Reynolds

Married/Involved: Second marriage—to Dennis for 23 years.

Kids: Inherited stepson, now 41, who is a Buddhist monk [great conversational gambit]. He left Thailand after 15 years and is currently teaching meditation in Czech Republic.

Work: Counseling—all kinds: rehabilitation, mental health crisis, marriage and family. For last 15 years of working, was Director of Career Services at Willamette University College of Law (including when Dick Gassner's son started there). Retired in October 2001—right after 9/11.

Life Summary: Attended Honors College at UO. Got BA in Spanish & French and MA in Counseling. Lived in Bay Area from 1970-81. Divorced Jeff in 1972; married Dennis in 1980. Dennis agreed to two-year trial living in Oregon— thought I was moving him up to the hinterlands until he discovered that The Rolling Stones, Grateful Dead, and The Eagles DID tour the NW. He's a Minnesota-bred child psychiatrist who'd love to cut back his practice to two days a week. We have acreage in the hills South of Salem where I garden my little heart out. International travel has been a big focus. Took year off in 1976-77 and traveled through Europe in old Dutch postal van. (Convinced me a piddly two weeks a year was NOT how I envisioned a vacation!) Visited monk-son in Thailand, stretching out trips to see Malaysia, India, Nepal—usually ending with a beach. Trips include South America, Central America, Australia/New Zealand, Africa and lots of islands— LOVED the Seychelles, Cook and Andaman Islands. We feel very lucky to have seen so much of the world. No real commitments at the moment outside of three pampered kitties and an assortment of wildlife.

LOHS Role: I LOVED our class spirit! Academically, I simply accepted that we would be taught competently (my parents were BIG into school selection). The surprise came when I hit UO Honors College---thought it would be so much harder than high school and was relieved to learn that skills from LOHS were eminently transferable to college. Hooray for Miss Murty, Monsieur Post, Mrs. Spencer, Mr. Lieske!

Plans: Retirement has been a chance to enjoy stuff I put off while working. My passions are growing weird plants and adventurous cooking. I still read several books a week and hope to take some artsy-fartsy classes. We'll be back in travel mode with trip to Brazil next Spring.

Surprise Us: Having spent the first 11 years of my life in Tennessee and Florida, I had a strong Southern accent when I moved to Oregon.

Mike Denton

- I have been married to my current wife, Jeanne for 14 years.
- I have 4 children, 3 boys and 1 girl. Current grandchildren count is at 2 with one in the oven.

1963 was the first year that cars came equipped with FM radios.

Janice Duke Pindell & Dean Pindell

Married/Involved: Yes ... 36 years

Kids & Grandkids: 2 children ... Travis (30) and Sarah (27) ... Travis is married and has two boys 4 & 2 ... he is in process of relocating after spending last several years in Japan and Germany ... Sarah is in Salem.

Work: Dean is retired from Glide School District (32 years) and is currently trying to convince Janice that fly-fishing is considered gainful employment ... Janice is currently teaching 1st grade in Roseburg School District.

Life Summary: We have been truly blessed in our lives. Following college we embarked on careers in education and located in rural southern Oregon. We found it to be an excellent place to raise a family and enjoy life. Dean spent majority of his career as administrator for Glide School District and has enjoyed being retired for past three years. Following full time career as "mom" for our two children, Janice returned to teaching and still loves working in education and with children. Most recent adventures include trips to Europe in 2000 and 2002 to visit Travis and his family.

Don Dvorak

Married/Involved: Married to the bride of my youth (Clarann) for over 37 years.

Kid & Grandkids: Three children, one boy and two girls. Have seven grandchildren, three boys and four girls.

Work: Been in Electrical Construction Industry for over 31 years--- installing, designing and management, 4 ½ years in management with Siemens Building Technologies Inc. and the past 1 ½ years in business for myself as electrical contractor.

Life Summary: Enjoy foremost activities with my family developing bond with our children and grandchildren. I have a high level of energy and so it stands to reason I like the great outdoors; my free time relaxing is spent working as a firefighter and EMT with local volunteer fire department. Also enjoy working with people as EMT on ambulance service north of town.

LOHS Role: Has left me with some of my most treasured memories of all my school years. Memories of good friends and activities I enjoyed during have remained fresh and dear to my heart for over 40 years.

Plans: Not sure I'll retire but if so, will most likely be on the road in the motor home volunteering my time building churches and homes for the underprivileged around the country.

Top Singles of 1961:

"Big Bad John," Jimmy Dean

"Blue Moon," The Marcels

"The Lion Sleeps Tonight," The Tokens

"Michael," The Highwaymen

"Pony Time," Chubby Checker

"Runaround Sue," Dion

"Runaway," Del Shannon

"Surrender," Elvis Presley

"Take Good Care of My Baby," Bobby Vee

"Tossin' and Turnin'," Bobby Lewis

Judy Dwyer Albers

Married/Involved: Happily married to Bernie for 36 years!

Kids & Grandkids We are blessed with three beautiful children (1 daughter & 2 sons), all married (the youngest just married in June). All live in the Portland area (2 just moved back from San Francisco & Chicago). Our daughter graduated from U. of Puget Sound. Married a man she met through work & has two children—4 yr old girl, & 2 mth old boy. Our first son graduated from Gonzaga U. & has been married for 2 years to a girl he met at college. Our second son graduated from Willamette U. & received his MBA from Portland State U. He just married a girl who also attended Willamette.

Work: I taught for just one year & have been a housewife since, working at home raising the kids & keeping the family on track.

Life Summary: After graduating from U. of Portland, I married Bernie (we grew up across the street from each other in Portland; his sister & I were best friends) Have lived in L.O. ever since! We've had a great life together raising our kids, doing some traveling, & enjoying the Circle A (our place in the "country").

LOHS Role: It was a great springboard into the real world--I was surrounded by lots of nice people, some good teachers who piqued my interests, & it was a wonderful place to grow up.

Plans: Retirement is probably 1-2 years away. Hopefully we can travel more, spend a couple winter months in a sunny, warm place, play more golf, teach grandkids how to ride; continue volunteering at St. Vincent de Paul Society.

Surprise Us: My husband hasn't kicked me out after 36 years!

Ian Elliot

Married/Involved: Wife Sandra Harmel from South Dakota for 28 yrs. Children: Marion 20yr Crystal 24 yr

Kids & Grandkids: Marion in 4th yr at UW in international relations and language, leaving for Europe in Sept. to study. Crystal at UW working on PhD in biology; rock climber and soccer player.

Work: Commercial development and land use, real estate investing

Life Summary: Primarily involved in engineering, construction and land development related endeavors. Owned several companies that either were construction or engineering oriented. Was heavily involved for 10 years in inner city mentoring program and was program chair for last four years. Elected to Washington State Legislature and continue to be involved in politics as president of United for Washington, state's largest business political action committee. Raced Olympic Class (Star class) sailboats for many years around the world. Currently play soccer, fly our C182RG, hunt, and annually we hike for a couple of weeks in the Grand Canyon. If life were any better, I couldn't stand it.

LOHS Role: I did not appreciate the potential relationships I had in HS and regret not having developed more fully some of those opportunities.

Plans: Starting to build house in eastern Washington and plan, for the next 2 years, to do all the work myself. Also purchased a lot in Cabo and plan to build a house. Would like to help daughters start a business in salmon recovery area. Plan to help get George W. Bush re-elected. Retirement is not an option.

Surprise Us: My brother and I operate Oswego Pioneer Cemetery on Stafford Road and would be happy to assist you in your planning for that time that is much closer for us now than high school was in the past.

1962: After replacing Pete Best with Ringo Starr, the Beatles record their first single, "Love Me Do."

Richard Elliott

(Married/Involved: Wife, Jane Orleman

Kids & Grandkids: none

Work: Fine artist - public art & studio work, both using reflectors as a painting medium.

Life Summary: Have lived in Ellensburg, WA for 30 years. Own small business and work full time as artists. We have created a nationally known art site, Dick & Jane's Spot, which has been featured on Home & Garden channel's Extreme Homes.

LOHS Role: I was dyslexic and received the kind of attention at LOHS that allowed me to do well in college & life.

Plans: I love what I do & hope to be doing it when I am 95.

Surprise Us: In 2000, I was named Distinguished Alumni for the School of Arts & Humanities at Central Washington University in Ellensburg, WA

1961: Physicist Theodore Maiman perfected the laser.

Jim Evans

Married/Involved: Married to Ginny for 28 years.

Kids & Grandkids: Son Jeff graduated from UW in Chemical Engineering and is working for Georgia Pacific, Camas, WA. Got married last summer and just moved into brand new house in Vancouver, WA.

Work: Still employed at The Boeing Company (35 years) doing Computer Aided Design user support and Computer Numerical Control programming for 3-axis milling machines in a prototype machine shop. Previous jobs at Boeing included Electronics Packaging Design for commercial, military, and space applications.

Life Summary: Graduated from Caltech in 1967 with BS in Electrical Engineering. Came to work for Boeing in Seattle, where I have been continuously employed except for an 11 month layoff in 1969. Joined the Mountaineers in 1973, and met my wife Ginny on a hike that she was leading. We married in 1975, and have one son, Jeff who was born in 1980. Favorite activities are hiking and spelunking.

LOHS Role: LOHS enabled me to attend the California Institute of Technology

Plans: Plan to retire when job is not fun anymore or age 60, whichever comes first. Plan to travel country in motor home.

Les Fahey

Married/Involved: Married to Nancy Fahey.

Kids & Grandkids: Two sons Matt and Jay and two grandchildren Bailey and Dakota

Work: Have my own company, Fahey Ventures which assists early stage technology companies in raising financing and serve as business advisor.

Life Summary: Graduated from Portland State University and worked as CPA for 32 years at KPMG in Portland. Was a tax partner for 20 years and headed up Portland high technology practice. Retired in June of 2001 and started own consulting firm Fahey Ventures LLC. Involved in various political and non profit activities that are either youth oriented or will improve the state or local economy. Currently involved in effort to bring Major League Baseball to Oregon, Campfire USA, YMCA/YES Foundation Teen Division, PSU Capital Campaign, Innovation Networks, Venture Oregon and Entrepreneurial Foundation of Oregon. Enjoy travel, golf, fishing, and working out.

LOHS Role: Prepared me for College and allowed me the opportunity to participate in sports

Plans: Enjoy the grandchildren, fish, travel, golf, and stay physically fit.

Surprise Us: I became responsible person and am known as the Godfather to the high technology industry in Oregon.

In the 1960's Kennedy and Johnson appointed four Supreme Court justices, including Thurgood Marshall, the NAACP lawyer who had argued the *Brown* case and the high court's first African American justice. The Warren Court declared prayer in public schools unconstitutional, enabled Communists to obtain passports, and limited communities' power to censor books and movies, thus making sexually explicit material available to adults.

Joan Feasley Hintz

Married/Involved: Married to Gary for 35 years. We met in Portland during college days.

Kids & Grandkids: 3 boys (all live in our area) and a wonderful daughter-in-law. Other two boys have serious girlfriends; we're hoping for 2 more weddings and then some grandchildren!!

Work: Semi-retired. I've taught in schools for children with cancer, children whose families are homeless, and children who speak another "first" language (ESL). Being a teacher has been VERY rewarding!

Life Summary: Lived in Southern California, Arizona, Washington. Done quite a bit of traveling--mostly to Europe--and we love it. Last several years, I've been member of MS Society Board of Trustees (my younger sister--also LOHS grad--has Multiple Sclerosis and lives in Bend with husband and daughter). On Advisory Board for First Place School in Seattle (you may have seen TV ads in support of school during Mariners games on Fox Sports Northwest). No life regrets at all.

LOHS Role: Was new student my senior year and did NOT want to move to LO when my father bought into business there! But girls from the class came to introduce themselves even before school started; it ended up being a friendly student body & town. Had a great year & keep in touch with some of the people I formed friendships with that year.

Plans: Lots more traveling (my husband does lot of photography); already spend our time in both Seattle and Scottsdale. Also frequent visits to Portland area to see both mothers. Life is good! Would love grandchildren before we're 100!

The Civil Rights movement expanded on February 1, 1960, when four black college students at North Carolina A & T University began protesting racial segregation in restaurants by sitting at whites-only lunch counters and waiting to be served.

Bob Fish

Married/Involved: Married (for second time). First marriage ended after 24 years. Very happily married for last 11 years!

Kids & Grandkids: Four children between us from previous marriages. They are (long ago) "out of the nest" and live as far north as Anchorage & as far south as here in Las Vegas. Five granddaughters (girls are great!) with anticipation of more to come.

Work: Engineer for consulting firm with headquarters near Washington D.C. Am supporting Dept. of Energy in their oversight role on Yucca Mt. Project in Southern Nevada. Still in high-level waste and spent nuclear fuel disposal business.

Life Summary: Attended OSU for five years. Lived in Richland, WA for nearly 20 years, Lynchburg, VA for 3 years, and in Las Vegas for last 12 years. It is beginning to look like I will be here for the rest of my working life. We remain active in LDS Church and have become very involved in Church Prison Services ministry. Have established non-profit organization to assist prisoners/parolees as they are released and transitioning back into community. This reentry program is currently in its infancy. My joys are my family, my grandchildren, and the journey of life itself.

LOHS Role: Most significant role was the preparation it gave me for college. My attendance at a smaller, rural high school "down valley" for my senior year, made me realize what a great teaching staff we had at LOHS and the very high quality of

education that students were receiving. I have many great memories of my years in Lake Oswego, starting with 5th grade at Lake Grove Elementary. I also have fond memories of the many friends I met while growing up there.

Plans: Still hope to be a part of successful implementation of prisoner reentry program I have helped initiate here in Southern Nevada. My involvement may result in at least part-time employment well into the next decade of my life. Retirement will likely find me somewhere in the great Northwest during summer months and someplace in the Southwest, probably right here in Las Vegas, during winter months. A mission for the LDS Church is also a goal. Since I became a member later in life, I missed the typical 19 year-old's mission experience.

Surprise Us: The most surprising/unusual event in my life was a near-drowning experience while on vacation in Hawaii 25 years ago. It almost took both my life and the life of my five-year old daughter. It placed me into an unconscious state for over a minute, filled my stomach with saltwater, and resulted in a hospital stay of about 3 days.

P.S. Sorry I couldn't make it to reunion. I wish the best of everything to all - - hopefully I can make it to our next reunion!

1961: IBM introduces the Selectric typewriter with an interchangeable "golf-ball" type head.

Dianne Fixott Sherlock

Married/Involved: Married 36 Years to John Sherlock

Kids & Grandkids: We have two daughters, Kaelynn is married and has 3 terrific kids: 2 boys, Adam and Joshua and 1 girl, Amanda. They are the greatest!!! And I am not a bit prejudiced. Kaelynn is elementary school teacher married to teacher who currently works as youth pastor for their church. Kristina is single and working in Tigard area. She graduated in Marketing and Management and is working as the Database Manager for a national non-profit organization.

Work: Working full time until next June. Then maybe half time, but we'll see. Currently a Learning Disabilities Specialist in Office for Students with Disabilities at Portland Community College. Love it but can't wait to retire at least partially so I have more time for grandkids and hobbies.

Life Summary: Attended U of O, got degree in Speech Therapy. Worked three years in Speech Therapy. Quit to have kids. Went back to work as aide in Resource Room at LOHS in 1979. Found out there were students who had something called Learning Disabilities. I wanted to work with LD students, so I returned to college at PSU and got Masters in Special Ed. Graduated same night as our oldest daughter graduated from Lakeridge. Taught at LOHS for 1 year. Got current job at PCC and have been there ever since. Husband, John, is a retired CPA now doing Financial Planning.

LOHS Role: My experiences at LOHS taught me that life happens--if you want something you have to set a goal and go after it--otherwise, you will still be waiting on the sidelines as life passes you by.

Plans: PLAY WITH GRANDKIDS. Travel. Do more sculpting. Brew-up more herbal remedies, tinctures, salves, etc. Take more classes in art and herbalism.

Surprise Us: The quiet, shy person who attended LOHS LOVES getting up in front of an audience to give speeches.

Sharon Frenzel

Kids & Grandkids: Stuart-born 1974 is an Executive Chef in Charlevoix, MI. Just earned Food & Wine Magazine's "America's best new chef award" for 2003. You can see Stu in July issue and also in The New York Times 7/30/03 issue. Adam-born 1976, is manager of a coffee house whose greatest hobby is that of a musician... playing the guitar. His band has won several awards and is waiting to be signed. I have no grandchildren yet but do have a Bichon Frise named "Little Man Jake."

Life Summary: Graduated from SF State with BA in 1971 and have lived in New York, Los Angeles and San Francisco. Volunteer with Trauma Response Team, Wings Foundation and Villa Montalvo as well as being a Divorce Care facilitator.

LOHS Role: LOHS had such a high percentage of students that went on to college--it inspired me to do the same.

Plans: I have no plans to retire yet. but, when I do, I plan to travel to see many of the things I have not seen. I would like to relocate close to where my children end up.

Surprise Us: I have just been furloughed from AA. It came as a big surprise to me too!

1963: Academy Award for Best Picture goes to "Lawrence of Arabia."
Gregory Peck wins for Best Actor in "To Kill a Mockingbird."

John Frishholz

Married/Involved: Married to Mia since 1968.

Kids & Grandkids: Two daughters: Jennifer Miller, Associate Professor, University of California and Sarah Walsh, B.A. University of Calgary and world traveler (currently sailing the Dalmatian Coast). Jennifer has two children Aaron and Mora and husband John (also a college professor). Sarah is married to Derek and they have one sailboat.

Work: Retired after twenty five years as secondary teacher/counselor and administrator in School District #72, Campbell River, B.C. Currently consult for Ministry of Education of British Columbia and other educational institutions, specializing in Aboriginal Education initiatives.

Life Summary: Worked for Manitoba Museum of Man and Nature in Winnipeg, Manitoba Research and field collecting in the far North. Worked with Cree and Dene peoples of Arctic /sub-Arctic. Director of Campbell River Museum for number of years then into teaching until my recent retirement.

LOHS Role: I still value the friends and experiences associated with LOHS and have many rich memories. I also think I was very young, and too narrow in my thinking to fully appreciate the richness of the experience.

Plans: Hope to fly fish more often and spend more quiet time in my garden. Mia and I have done some traveling - the USSR (1985), Australia, Spain and Ireland, and plan to do more. However I must admit to being very attached to this place and miss it a great deal when I am away. I will continue to be involved with Aboriginal Education, Museum work and academic research.

Surprise Us: It might surprise some of you that so much of my work has been related to grief and loss counseling. I was a founding member of School District Critical Incident Response Team, as well as member of community Critical Incident Stress Debriefing Team. I also helped train Hospice volunteers in the Campbell River community for the past 12 years.

1961: East Germany closes the border between East and West Berlin. Khrushchev orders construction of a wall to prevent East Germans from escaping to freedom. Eventually, the wall would be 26 miles long.

Mariann Furrer [Supplied contact information only.]

While the Salk and Sabin vaccines, were bringing polio under control, TB was still a threat, and we were urged to visit the "mobile chest X-ray unit" when it came to town.

Pam Gardner Browning

Married/Involved: Divorced and loving not being married.

Kids & Grandkids: I don't brag! However, I have 3 wonderful grandchildren and 3 sons.

Work: Work as a counselor/case manager at alcohol and drug treatment center.

Life Summary: As a stewardess, I traveled all over the U.S. As a counselor I have my feet on the ground, which I prefer. And what I've learned in my "old age" is that life is what you make it--my response to the ups and downs determine my serenity.

LOHS Role: Gave me the opportunity to form friendships with wonderful people.

Plans: Retire from counseling and take in stray animals (provide therapy to cats and dogs versus people!)

Surprise Us: Skeeter---I didn't know I had a "Pam-walk." Barbie and I were both famous for "Is my nose okay?" Thank you Marcia and Bill (Patrick/Brown) for the "cigs" reminder and concern---I quit after the picnic.

1963: Commission on Status of Women issued a report citing employment discrimination, unequal pay, legal inequality, and insufficient support services for working women. Betty Friedan's book "The Feminine Mystique" challenged the notion that women could find fulfillment only as wives and mothers.

Dick Gassner

Married/Involved: Married - Betty

Kids & Grandkids:] 2 Sons

Work: Currently advising clients on tax law, business valuation, and assisting clients selling or buying businesses.

LOHS Role: Some wonderful friends!

Plans: Enjoy family, friends, and life.

1962: "Silent Spring" by Rachael Carson attacked toxic pesticides like DDT. Her book raised Americans' awareness of threats to the environment.

Sandy Goodrich McGuire

- Recently widowed
- Have 12 grandchildren, from 3 to 17 and a new one coming in September. That's plenty!
- Not working but do volunteer work at research library for "Museum of the Oregon Territory" in Oregon City.

- Married in 1964, had a daughter Laurie who is now 36 and a son Richard who is 35. I married Jim McGuire in 1971 and we were happily married for 31 1/2 years. I lost him in February. He had four children so we had a good sized family to raise. I think that is where all those grandchildren came from.
- I mostly raised children, seemed to be in the car a lot driving someone somewhere. Lots of trips and all the ups and downs that come with having a big family. I am very proud of how we made our blended family work. To me, that was a big accomplishment.
- Right now I'm on a new journey, learning how to live without my other half. At this point I haven't made plans but I do know I want to enjoy the life I have left and learn to live more for myself. I'm sure many of us realize how short life is, especially when some of our grandchildren are now at graduation age.
- That last question is giving me problems. I'll think on it and get back to you. I feel like I'm back in High School, working on a test. I hope you're not grading these.

Sheila Goodrich Ryan

- Married: Lonnie Ryan for 39 years
- Three children; Patrick, Julie and Jeff. One grandchild Sean and one great grandchild.
- I retired from West Linn High School where I was a teacher's aide for over 15 years.
- Have spent much of my life raising children, traveling with my husband. Worked many years helping teach English to special need students. It was very rewarding and it was a job where I could make a difference in some of their lives.
- Lonnie is a retired Clackamas County Sheriff and works part time. He went on some of the major rescue missions in Clackamas County, including helicopter rescues. He was also the PR person for Clackamas County for several years and his cute little face was on television quite often.
- Hope to do much more traveling, and just maybe, another grandchild or two will come along. (This would be better if Sheila was actually writing this, but she is in hospital and her twin Sandy is doing the best she can.)

1961: Coca Cola introduces Sprite to compete against 7-Up.

Janet Graham Goddard

Married/Involved: Married to Jim Goddard--35 years.

Kids & Grandkids: 2 sons/no grandkids. Matthew: 32 yrs. self employed in Portland. Marc: 28 yrs. living in Arlington, VA

Work: We've been self-employed for 28+ yrs. in the flooring business. Store is located in Tigard.

Life Summary: Attended Univ. of Puget Sound--2 yrs. Traveled to Europe with classmate Mary Butler. Married Jim...lived in Germany for a year. Office mgr. for Aladdin/Freeway Corp. Full-time mom until we started our business. Love to travel & have great memories of Mexico, Hong Kong, South Korea, Australia, New Zealand & Tahiti. We're planning Dec. cruise to celebrate 35th anniversary.

LOHS Role: Great preparation for college both from academic standpoint and a social one. I still drive by the school & feel appreciative I could spend my high school yrs. there.

Plans: We plan to never retire.

Surprise Us: Was active in a citizens' group to stop Tigard, Tualatin & Sherwood from going to the Willamette River for their drinking water without a vote of the people. Am trying to learn Texas Hold 'em poker.

Home recording was done on reel-to-reel tape recorders. (Cassette tapes were invented in the late 60's, but weren't widely used until the 70's.)

Peggy Grimm McInnes

Married/Involved: Married twice--last time 16 yrs. ago to Gerry

Kids & Grandkids: Have 3 grandchildren, one girl; two boys. Between us, we have 12, with twins on the way in Jan.

Work: Retired--with Gerry, a retired electrician. Was housewife while my two girls were growing up--then worked for local bank in Silverton--then went to temp service.

Life Summary: First off, I was raising 2 beautiful girls and being chief ranch-hand, cook & bottle-washer on our 40 acre farm in Silverton. Divorced '82; remarried in '87 and moved to Salem. Decided to do as much traveling as we could, while we could. First 16 mos. of marriage, we lived in 32' trailer and spent a lot of time seeing the USA!! In '98, we sold home in Salem and moved to Nevada where we are enjoying retirement.

Plans: We plan on doing more traveling--there's a lot to see in our own country.

Jim Harries

Married/Involved: Married for four years now.

Kids & Grandkids: Two daughters, Elisabeth and Fionna. Two stepsons, Aaron and Nathan, a stepdaughter Angie, and a grandson Gage. They lead varied and interesting lives.

Work: Retired from Bonneville Power Administration and now do some consulting.

Life Summary: Managed to get a BS in Electrical Engineering from OSU, did some post graduate at Ambassador University, worked for BPA for 34 years. Along the way was married twice, had a lovely daughter, and traveled through Europe and South America. Been blessed with health and a good life. Now I remodel the house, fix the cars, play guitar, and do the yard.

LOHS Role: Got me started studying so I could make it though college.

Plans: Want to keep my fingers in the business professionally, and will travel more.

Surprise Us: I survived long enough to retire.

1961: Ray Kroc buys out McDonald brothers and takes control of the hamburger chain.

Doug Hewett

Married/Involved: Involved

Work: Obtained IEEE CSDP (Certified Software Development Professional) certificate. Writing firmware for Star Trac exercise equipment. Member of team that wrote firmware for Boeing 747-400 passenger address system.

Life Summary: Attended German Summer School of the Pacific at Marylhurst. Studied in Zurich for a year. Sailed on Lake Constance. Returned to OSU for three years, and graduated from Cal the next year. Vacationed in Manta, Ecuador and got a helicopter ride to the Oriente. Other vacations at Club Med. Enjoy canoeing on Russian and Colorado rivers. Worked on breakwaters at Diablo Canyon for Granite Construction.

LOHS Role: Physics/German/math teachers and curricula-- excellent. Too bad history department could not have explained the far-reaching economic consequences of British introduction of drugs into China. Maybe this would have prevented our trillion dollar boondoggle on war on drugs. However, there may not have been politically acceptable ways to teach this topic. Really appreciated carpooling with Tom Rogers and Skeeter. Greatly enjoyed riding with Jim H in his Austin Healey to Yaws. Also enjoyed disc jockey Pat L playing "Johnny B. Goode."

Plans: Start a small business. When California goes down the tubes, move!

Surprise Us: Dick G and I bought six-packs and shot pool. When I came to last reunion, I stopped by the swim park. The SYT (sweet young thing) lifeguard had a fit because I went off the diving board. (I was too polite to tell her that I dove one year at OSU. But then again, maybe it didn't show!)

1961: Johnson & Johnson introduces Tylenol.

Doug Jackson

- Married for 30 years to Jana Keith Jackson.
- We have 2 boys: Matt age 27. He has been married to Lauren for 2 years and they are expecting first baby in mid September. Then Josh who is 25 years single and a chip off the old block... sorry!! He's better looking than me though!!! From my first marriage I have a 35 year old daughter, Lisa, who lives in Virginia with her husband David and their two children, Corey and Flora ages 8 and 5 respectively.
- I have owned, with my wife for 28 years, A-Assured Lockshop at 95 B. Avenue in Lake Oswego.
- We have a retirement home in Sunset Beach on the Oregon coast and hopefully in 5 years we will be making that our permanent home. I still like Oswego, love what is happening downtown and will always be a Lake Oswego boy at heart.
- Stop and see me at the locksmith shop anytime.

Pat Johnson Knight

Married/Involved: Married for 36 years to Roger Knight (class of '62)

Kids & Grandkids: Two children, Jennie (33) and Julie (30). Jennie and husband Jeff Thorsell have two children, Emma (5) and Evan (2 1/2). Julie and husband Kris Kosik have been married for 2 years.

Work: Just retired in June from teaching 28 yrs. in West Linn/Wilsonville School district.

Life Summary: B.S.--University of Oregon M.A.T.--Lewis and Clark. Lived in Tigard, Tualatin and now back in Lake Oswego. Greatest joy is family---husband, kids and grandchildren.

Plans: Hope to travel a lot more in retirement!

Roger Maris & Mickey Mantle compete to beat Babe Ruth's record of 60 home runs; Maris hits 61 on 10/1/61.

Kenneth Jones

Married/Involved: Married 37 yrs

Kids & Grandkids: We have two fantastic children, who chose two very wonderful spouses, and have given us three precious grandchildren. We are proud of all their successes and abilities to work through difficult times. Each of them adds richness to our lives greater than we could have hoped for.

Work: Purchasing/Materials Management – Currently owner of small service business.

Life Summary: My greatest joy ... God has granted me more years than anyone thought possible. As a sophomore at LOHS I was diagnosed with cancer and treated with the best available treatment, cobalt. In recent years doctors' comments like, "I have only read about cobalt in the textbooks" and "Out of over 6,000 patients you are the first cobalt survivor this clinic has treated." have made me realize again and again how blessed I am to be a 42 year survivor of cancer and to have the gifts of this life (family, health, career, etc.) given to me by God. We have enjoyed cruising the Bahamas, biking islands in the Caribbean, seeing the sights of England and Scotland, lying on warm sunny beaches in Hawaii and Mexico, and taking grandchildren for weeklong trips to fun places.

LOHS Role: Teachers who took a special interest in students to ensure they had success, made stepping into the "real world" a much easier step to take.

Plans: Traveling and golfing many more golf courses.

Surprise Us: Not a surprise to you, but certainly a surprise to me to become neighbors with my high school algebra teacher, Marshall Watkins!

1961: Joseph Heller's "Catch 22" is published.

Ray Kalberer

Married/Involved: Widower. Eda passed away on November 11, 2002.

Kids & Grandkids: One son RJ, one daughter Kim, one grandson Michael, one nice bunch of people.

Work: Presently a senior customer service representative for Freightliner LLC. It is a job that did not exist 32 years ago when I was hired to help build trucks at the Portland truck plant.

Life Summary: Just moved to a new house in Battle Ground, WA after 25 years in Tigard, OR. Needed one level house and room to build a shop as I plan to retire in eight years and wanted to get into a home with less maintenance. We were replacing things a piece at a time and some major items were due. (kitchen and bathrooms). My wife Eda passed away before the new house was finished, so it was a bittersweet move. We were married 38 years. I like to play golf and am doing more gardening now that I'm in a more rural setting.

LOHS Role: Stepping stone to higher education and a stumbling block to social development.

Plans: The shop I'm planning will allow me to build and restore cars. I've done a 79 MGB and a 61 Austin Mini and I would like to do a Cobra kit car.

Surprise Us: At our age there are no surprises.

Bob Keith

Married/Involved: Married 7 ½ yrs.

Kids & Grandkids 1 daughter 18 just moved out on her own, 1 stepson 28 and 4 grandsons

Work: I own and operate a retail herb store for 25 yr.

Life Summary: 1 yr. college, 4 yr. Air Force (2 yr .in Tokyo), 6 yr. repairing business machines, dropped out 2 yr., 2 yr. electronic repair school, 25 yr. Herb Store.

LOHS Role: 4 yr. wrestling kept me in good shape for many years after.

Plans: Move way out in the country and run store on internet.

Surprise Us: Married on a nude beach on Maui on New Year's Eve.

1961: New York Yankees win the World Series by defeating Cincinnati in five games.

Phil Kelleher

Married/Involved: Married but single, soon to be divorced--of course, not involved.

Kids & Grandkids: Great kids from wonderful parents--we're very proud. Granddaughter is the best thing that ever happened, & I'm sure newly born little brother will be just as special.

Work: Still selling real estate--part owner and broker at John L Scott, Tigard. 503-639-1111. Started commission sales at 19 and have enjoyed the challenge. I enjoy golfing and spending spare time at Black Butte Ranch in Central Oregon. Have traveled some out of the country---Japan-England-Greece-Egypt-Mexico-Bahamas.

LOHS Role: A great time of my life & still plays a big part. We had and have a great class...GREAT to visit with and see classmates at the reunion. A big hand to those who were responsible for making it happen. Good Job and THANK YOU!

1962: Marilyn Monroe dies suddenly under a murky cloud of suspicion; her death was officially ruled a suicide.

L. Patrick Kelley

Married/Involved: Married Tina in 1967. We celebrated 36 years together last June.

Kids & Grandkids: Two daughters: Katherine, 33 yrs, and Colleen, 30 yrs. Both work, both still single. Colleen is in senior year at PSU. Colleen recently moved back in with us to save on expenses to finish school. (I remember when I turned 18, that my folks broke my plate, bent my spoon, and put a FOR RENT sign on my room. Times have changed!)

Work: Retired from Portland Police Bureau in 1995, with 27 years of service. Retired as detective. Worked in detective division for over 20 yrs--- last 12 yrs in fraud detail. Also retired from US Coast Guard Reserve as Lieutenant Commander in 1995, with over 29 years total service. Since retirement, have worked several other jobs. I sailed my Coast Guard license as first officer/engineer on Stern Wheeler Columbia Gorge for a season; worked for Oregon Military Department, guarding F-15 fighters at Portland Air base; Clackamas Co. sheriff's deputy; sold boats at local brokerage; investigator for state racing commission. Currently am claims investigator for AIG Insurance. Main office in KOIN Tower---I work out of my home. In 1968, left active duty in US Navy and returned to Portland. Following year, started college. Finished two years; dropped out. Made some false starts in getting back to finish degree. Finally, in June 2002 after 2 ½ years of work, graduated from University of Phoenix with Bachelor's in Business Management--- 3.55 GPA.

LOHS Role: Got a better than average education out of high school.

Plans: Work until I get tired of it. Hope to travel, but don't want to make too much of a project out of it. Owned several boats; built 14' sailboat from plans 3 years ago. Purchased plans for larger boat; thinking of powering it with steam engine.

Dee (Didie) Kenna Appel

Married/Involved: No significant other in my life these days, but I am definitely "involved" -- with grandchildren, work, reunion organizing :-), church, writing, music, traveling, etc.

Kids & Grandkids: Surely you jest! That approaches an oxymoron. My youngest son is in Navy on USS Cole. Daughter & oldest son are married; my daughter has made me proud Grammy of Drew, Zack and Emily Grace, ages 5, 4 & 2.

Work: For almost 30 years I have worked in legal field mostly as legal investigator--my natural inquisitive nature (that's putting it mildly!) has served me well. I continue to manage law office in Portland, and wear multiple hats daily.

Life Summary: Went to PSU for a year and U of O for a year; moved to Washington DC 1967-72. There were 23 friends from Oregon there in the late 60's. I was there when MLK was killed and lived under martial law. I watched from top of the House Office Building while 523 fires burned in downtown DC. I lived a lot of what is now called "history!"

LOHS Role: Friendships forged in those years were lifelong, despite barriers of time and distance...I have seen that to be so every time we have come together to remember our youth!

Plans: Author something important that will help others who have lived through some of the things I have, including 2 bouts of cancer (cervical and breast), and loss of a house by fire (Christmas, 1998). Retirement plans probably mean a move to Texas, which is where my eldest two children and all my darling grandchildren reside.

Surprise Us: I was first female firefighter in volunteer fire department where I live, having had to pass the same tests as the men. The year I turned 55, my lifelong dream of writing was fulfilled when I was picked up by two publishers. In 2 yrs. time I was blessed to have 34 titles in print including 2 children's board books, 8 gift/coffee table books and 24 mini's.

1961: More than 300 babies in Germany are born with horrible deformities; a doctor connects the abnormalities to a drug called thalidomide.

Dave King

Married/Involved: Married to Karen Bell King for 29 years.

Kids & Grandkids: Two daughters, both graduated from college, and WORKING.

Work: Practice law, continuously since 1972.

Life Summary: Enrolled at Whitman College, graduated with BA in Economics followed by JD from UW. The UW during the Cambodia invasion was not quite like Walla Walla. Lived in Seattle ever since. Used to sail quite a lot. More recently, hiking and doing a bit of travel. Reading has been a life time love affair. Sorry it never worked out to start and run a business (a successful one, of course). Thought about moving to New Zealand after college and sometimes wonder how things might have turned out. My kids' friends are now getting married which takes a little getting used to.

LOHS Role: I believe that LOHS was pretty good as a college preparatory. I had some great teachers such as Marvin Lieske, Roy Hadley and Scholastica Murty and never found better in seven years of higher education. I have mixed feelings about whether I used my time there to advantage. I have recurring dreams about being lost in labyrinthine LOHS hallways with endless rows of lockers where I am always late to class. It is the only recurring dream that I can ever remember having. But, in LOHS' defense, I have talked to other people who went to other high schools who have had similar dreams

Plans: I find retirement to be a very difficult decision to get my arms around and my thinking on it is indecisive. Part of it is that I am very reluctant to conclude that I do not have infinite amounts of remaining time to do everything. The early e-mail to the effect that 21 (or so) members of the class of 63 are dead was sobering.

Surprise Us: Getting married was the smartest thing I have ever done.

1961: The 23rd amendment to the Constitution is ratified; it provides for congressional representation of Washington, DC.

Anton (Tony) C. Kirchhof

Married/Involved: Married to Barbara for 24 years

Kids & Grandkids: None

Work: Attorney

Life Summary: B.A. Portland State University 1967, M.B.A. Portland State University 1968, J.D. Stanford Law School 1971. 1964 - Six months' study in Europe through Portland State University 1965 - Summer tour of Japan through Portland State University 1966 - Summer work with publishing company in Copenhagen, Denmark 1967 - Summer school at University of Oslo, Norway 1971-1978 - Miller, Nash, et al. law firm, Portland, Oregon 1978 to date - Attorney for Louisiana-Pacific Corporation, Portland, Oregon. Currently, Senior Attorney and Corporate Secretary. 1971 to date - frequent travels in Europe, Mexico, Central America, South America and Turkey on business and pleasure. Have lived in Lake Oswego and Portland all my life, except 1968-1971 in Palo Alto, California.

LOHS Role: Significant in providing the necessary education and skills for law practice.

Plans: See more of the world and retire in a few years on a beach in Mexico.

Surprise Us: I still have all of my hair.

Movies:

1960:

Ocean's Eleven

Psycho

The Apartment

Spartacus

The Time Machine

1961:

The Parent Trap

The Music Man

West Side Story

Splendor in the Grass

Gypsy

The Miracle Worker

Whatever Happened to Baby

Jane?

Lolita

1963:

From Russia With Love

It's a Mad, Mad, Mad, Mad World

The Pink Panther

Cleopatra

The Birds

How the West Was Won

Hud

Kay Koenig Dunkley

Married/Involved: Married to Peter Dunkley (can it be 34 years?!)--Dean of Faculty and History Professor at Georgetown University.

Kids & Grandkids: One daughter, Kim -- sophomore at Georgetown.

Work: English teacher and administrator, National Cathedral School, Washington, DC (have taught grades 7-12 and served as Department Chair and Head of the Upper School)

Life Summary: Graduated from Lewis and Clark College and taught for two years in Portland. Embarked on a PhD program at Columbia University, but got sidetracked after the MA by marriage! Lucky to have lived and worked in some pretty spectacular cities: Portland (of course); San Francisco; New York; London; Durham (England); and Wash. D.C

LOHS Role: I credit LOHS with my love of literature and choice of profession.

Plans: No retirement plans yet -- would love to return to the West Coast when we do. Hoping to spend part of next summer in Italy.

Surprise Us: I'm still a bit afraid of the wind -- never quite got over that Columbus Day storm our senior year that tore our house apart up on Knaus Road.

Sheri Kroodsmma

Married/Involved: Married Bob George in 1991. They say, third time is the charm--so far so good. After a baseball player, then a basketball coach, I met a cowboy who loves "dawgs" and flowers, sunrises and sunsets, and amazingly is a great one legged golfer.

Kids & Grandkids: I thank my husband Bob for 2 beautiful stepdaughters who live in Las Vegas. Darcy is VP of Wells Fargo Bank - Nevada and has 2 children, Kristi and Jimmy. Stacey is baccarat dealer at Mirage Hotel, and is still looking for the perfect man. And, I thank my special friend John for the most extraordinary gift of my life - my daughter Jennifer. A gorgeous redhead who is a professor teaching Medieval English Literature at UC - Berkeley. She is a Rhodes Scholar and received her Doctorate at Oxford University. Jennifer and I were separated in December of 1963 and reunited in January of 1994 thanks to the prayers of many, and many of you. Jennifer and her husband John have two wonderful children (my grandkids of course), Aaron and Maura.

Work: I currently work part time for Franklin County in Pasco for the Planning & Building Department. Went back to work 4 years ago after realizing my once up to snuff computer skills were becoming as outdated as I was beginning to feel. Happiest part of my days are spent on the farm with our animals (ostriches, cats, dogs, chickens, bunnies, and all else who decide to live with us), riding our horses, working in the garden, attempting to get better at golf and trying to figure out what to do when I get old. (ahem).

Life Summary: Since I have always been a procrastinator, and only have 1.5 hours to finish this little piece before the final deadline (it is now 10:30 pm on September 10, 2003), there is not enough time for me to answer this question. I could start from scratch and go on forever, or I can just say I have had a very interesting and wonderful life. Trust me. (it is now 10:52 pm).

Surprise Us: There is nothing that would surprise any of you after all these years. And I do love you all so very much, and thank you for so many wonderful memories.

Top Singles of 1962:

"Big Girls Don't Cry," The Four Seasons

"Duke of Earl," Gene Chandler

"Good Luck Charm," Elvis Presley

"Hey! Baby," Bruce Channel

"I Can't Stop Loving You," Ray Charles

"Peppermint Twist," Joey Dee & The Starlighters

"Roses Are Red," Bobby Vinton

"Sheila," Tommy Roe

"Sherry," The Four Seasons

"Soldier Boy," The Shirelles

Ken Kruse

- Sunlamps

Linda Kurtz Kirkland

Married/Involved: Married

Kids & Grandkids: David, my oldest lives in Portland and works in airline industry--married to Melissa for 5 years. Sam 2 1/2 great big dimples and loves trucks. Shannon married to her high school best friend Sean. Hunter 5 1/2 (born 3 1/2 pounds) loves school and fishing.

Work: Trained as R.N. Working part time as business consultant in office where Rusty works. Also, own art gallery here in Santa Fe and work there.

Life Summary: Graduated U of O School of Nursing in 1967. Worked in labor and delivery for 3+ years. Became office manager and surgical assistant for husband. Did eye surgery with him for 7 years. Moved to Santa Fe in 1992 and have worked in dentistry for 10 years. Love to travel, garden, hike, play with our 4 dogs and 2 cats--- have gotten back to playing piano in last 3 years. Learned to play tennis and love it; we love to cook with each other and groups of friends. Asian and New Mexican being special favorites. Supremely happy married to my soul mate and best friend. He has a music recording studio in the house which keeps him busy (he plays electric guitar).

LOHS Role: Without having graduated none of the wonderful things that have happened to me would have happened: I wouldn't even have the wonderful children I have. I guess it and my fantastic family gave me the tools I needed to create what my life has been.

Plans: Still intend to travel. Will learn to throw pottery on a wheel, learn to play rhapsody on blue on the piano; will participate in archeological dig in another country and spend much more time in Mexico. Have retired several times and plan to do it several times more! Semi-retirement suits me perfectly!!!

Surprise Us: At one time I owned: Two horses, two love birds, a ferret, 120 head of cattle, four pigs, two goats, a dog, 15 cats and all the other undomesticated critters who live on a ranch. I did artificial insemination on French purebred cattle.

1960: Olympic Games were held in Rome, and Wilma Rudolf won three gold medals.

Ellen Kyle Bastian

Married/Involved: Married to Ken for 38 years.

Kids & Grandkids: We have two kids. Michelle (35) has been married for 6 years. They adopted a baby boy, named CJ, who just turned 2. Jim (29) has been married for over a year. He has a little girl named Autumn - 6 months old.

Work: Mostly have been a housewife. I did work for Harry and David during the Christmas season taking phone orders. I did that for about 5 years.

Life Summary: I mostly have been around the area, and around the house, but I did get to visit Africa for my 50th birthday. Ken has been retired for 6 years, and we built our home here on the Williamson River in Chiloquin. I enjoy reading and hand sewing.

LOHS Role: It certainly enabled me to meet and become friends with some great people.

Plans: I am hoping Ken and I will get to do some traveling.

Popular TV Programs: The Defenders, Andy Griffith Show, College Bowl, Huntley-Brinkley, Dick Van Dyke Show.

Pat Lafferty

Married/Involved: Isae and I have been married for 32 years. Our anniversary was the night of our 40th Class Reunion.

Kids & Grandkids: Twin sons, Dan and Sean, who are 29. Dan lives in Rialto, CA and was married last November. Sean lives in Portland. They have collaborated on lots of skateboard artwork and were named the "Outstanding Art Students" at Lakeridge High School in 1992. (John Turchi was their principal.)

Work: Since 1997, I have been semi-retired and spending summers broadcasting baseball for Salem-Keizer Volcanoes. Also serve as sales/marketing consultant for team during off season. I have been broadcasting in Oregon since 1971.

Life Summary: Graduated from U of O in 1967 (Radio-TV, Rhetoric & Public Address)...three years in Army, Information

Officer in Vietnam, 1970...KLOO Radio in Corvallis (1971-86), morning show co-host, radio sales, sports director...Portland Trail Blazers (1986-94), television play-by-play ('86-92) during "Drexler Years," sr. account executive ('86-92), director of marketing ('92-94)...left to do volunteer work and was one of five founding trustees of Library Foundation of Multnomah County...I remain on their board. Have been with Volcanoes since team's inception...we were named outstanding short season Class A franchise in America in 2001 and won league championships in 1998 and 2001. I have been fortunate to have had such a long career in broadcasting given my lifelong love of sports.

LOHS: My core values and interests haven't changed much since our graduation. I was the statistician for the Lakers' baseball team for three years and did public address for football and basketball as a senior. I've always tried to bring three things to every broadcast: accuracy, honesty and enthusiasm...and three things to important relationships: commitment, communication and consideration.

Plans: Wanted to broadcast for 40 years...and expect to achieve that milestone. Want to spend more time traveling in Japan with Isae (who was born and raised in Tokyo)...and we will.

Surprise Us: Never missed a broadcast in 31 years until forced to miss 7 games in June, 2002, following emergency eye surgery. While with the Blazers, I led the team that developed the innovative "PDX: Gateway to Oregon" theme for display advertising at Portland International Airport in 1993. It has changed the way airport advertising in America is done.

1962: In effort to produce color pictures on black & white TVs, manufacturers reportedly tinted the CRT blue on top and green on the bottom.

Connie Langoe Kiener

- Lived in LA, Canada, Hawaii and Italy where I studied the ceramic technique that sustains me to this day.
- Two children and two grandchildren. My son Tristan has a son, River, and my daughter Caitlin has a daughter, Francesca. Caitlin and family live next door in my mother's house. She is deceased. While she was still living, I designed and built my own home and studio on her lower lot. It's a great location in the Corbett Heights with views of mountains and river.
- As one thing leads to another, so has my art career/ lifestyle. My work is now represented in Smithsonian Institute, American Craft Museum, Washington DC. & other museums across the country plus one in Faenze, Italy. The balance to my fine art is custom hand painted tile murals represented by Pratt & Larson Tile of Portland. This amazing tile factory and showroom is co-owned by none other than Reta Larson with her husband, Michael Pratt. My tile work is publicly and permanently on display in the Oregon Convention Center.

1963: Emergency Broadcasting System is developed: "This is a test of the emergency broadcast system.....this concludes the test...."

Lance Lechner

Married/Involved: Married for 35 years to Kristi (Walter) LO class of '65

Kids & Grandkids: No children, we were both teachers for a combined 50 years and felt that dealing with 6,500 teenagers over the years was enough.

Work: Kristi is retired from teaching, and I am now working for Al Hansen in his Cleret bath squeegee business and have for the past 13 years. Prior to that I spent 2 years in the Army and 20 years as high school science teacher and track coach.

Life Summary: Spare time is now spent in the gym lifting weights or on a bicycle. This summer we went to France to participate in a bike tour and up-close Tour de France watching. We have two chocolate labs and are building a second home in Bend.

LOHS Role: I know how to live the good life and I learned that here.

Plans: If retirement happens, I probably won't have planned the date.

Surprise Us: I've lived in LO all those years.

1960: Television offered the second prime time cartoon show, "The Flintstones."
(The first was "Rocky and His Friends" in 1959.)

Meri Jane Leep Haworth

Married/Involved: Very married

Kids & Grandkids: 3 beautiful daughters & a wonderful son – as of today, no grandchildren

Work: June 1, 2003, we retired from owning a custom printing & copy center along with shipping company of 22 years. Now from home office my husband & I still operate our plantation shutter and space planning/design company plus our entertainment booking agency.

Life Summary: Went to junior college, then transferred and graduated from Lewis & Clark with BS degree. Continued my education, studying to become a physician. After 3 years in medical program, along with being a single mother, the need to be an at-home parent outweighed other interests. Eventually bought printing company that was going out of business. I paid \$150 and, despite my lack of knowledge in this field, I did succeed and eventually found myself the owner of a corporation with 6 dba's. (Three were sold last May.) We now have the luxury of saying when and how much we will work – or play!!! I now have the freedom to join him as he tours as member of The Kingston Trio.

LOHS Role: Gave us such great building blocks of opportunity to grow and succeed by making wonderful friends and being able to live life (especially on the lake or on horseback) to the fullest.

Plans: Consider ourselves more or less retired; we will continue to travel, especially connected with husband's musical career. We can enjoy our own private backyard "resort" and doing nothing together, or---- working our three remaining businesses together from our home office.

Surprise Us: Enjoying a Kingston Trio concert one afternoon in 1987, I was surprised when one of the singers approached me after the show and asked me to a post-concert party. After hesitating, and saying "no," I thankfully changed my mind and accepted his proposal---- which in turn blossomed into a proposal to spend our lives together as a married couple.

Our offer to you: If you ever find that The Kingston Trio is performing in your vicinity, please call us (303-232-2462) and let us know if you would enjoy tickets and back stage passes to the show as our guests. Visit www.kingstontrio.com for information on tour schedules, etc.

RaeAnna C. Lentz Sehl

Married/Involved: Married again in 1990 - to Jim Sehl

Kids & Grandkids: Daughter, Michelle Miles: Radiologist Manager-Lower Umpqua Hospital, Reedsport, OR. Son, Shaun Miles: heavy equipment operator + Alaska Skipper Fishing Boats: both with families and kids. Husband Jim's daughter, Angie- Elementary school teacher; family, 2 kids. Between us, we have 7 grandkids.

Work: Mostly bookkeeping, secretarial, some office manager positions, US Post Office for 2 yrs.

Life Summary: Married out of high school, raised a wonderful accomplished family. Worked during those years as typesetter for printing co. Moved around state of OR, (trying to find "sun"), landed on OR Coast, close to rivers/fishing/mts. etc. Survived Viet Nam husband & family yrs., learned a great deal in life. Disappointments?--yes, of course, (I believe they call it Male Menopause- or something...) Since then: traveled & worked in Alaska, Cabo, but homebase is just fine!

LOHS Role: "Memories" that are with me every day of my life....there are none better so far.

Plans: Hope the stock market hits an all-time high real soon!

Surprise Us: My goal & biggest accomplishment was: Certified Coast Guard License (1992), Professional Outfitter/Guide- Inland waters, OR, WA, ID, - driftboat/jet sled. – It's called a "6-pac" License. 1993: went to Alaska, worked for "Fishing The West" Lodge (Larry Schoenborn's TV series), Traveled with Jim Sehl, my current husband, also professional outfitter/guide. We run our own fishing guide business now in Tidewater, OR.

Bill Lesh

Married/Involved: Single

Kids & Grandkids: Jason, 25, just married and Ben, 11, 6th grader at Forest Hills (LO)

Work: WR Lesh Company, communications consulting firm. Specialty: crisis communications & communications planning.

Life Summary: Lived in Portland, Seattle, Sacramento, Washington DC. Portland is the place to be for me. The birth of each of my sons plus the oldest recent marriage are highlights. My year as President of Portland City Club was great fun; Love to give time to non profit organizations. Currently serve on Board of Loaves and Fishes and believe we all need to give what we can to our community. Am single Dad who is doing all those raising-kid things. I am life long Duck football fan and have seen the good, the bad and the ugly performed by the team. Thank goodness we are in a good phase.

LOHS Role: I think the best thing that LOHS did was prepare me for college and officer training school. At OTS, while many struggled with classes, I had had most of the subjects in high school and had no problem. I was also the only one in my group not from the South.

Plans: Continue consulting work since I have 11 year old who will need to get through college. Retirement? What's that?
Surprise Us: I ran for the Oregon legislature (and lost) 30 years ago.

1961: FM stereo is introduced.

Nancy Lindberg Fausone

Married/Involved: Married and involved - to the same guy.

Work: Currently employed at Jesuit High School in Beaverton as assistant to the President. I enjoy the energy of the school atmosphere – having worked over the years at Lane Community College in Eugene, Clark College in Vancouver, and Jesuit High School.

LOHS Role: Good education, nice memories, and a solid base for a wonderful and happy life.

Plans: Stay healthy and young at heart. We are planning for a second home somewhere in the winter sun.

Surprise Us: I met Rich on a blind date, married on our fifth date - 28 years ago. I am his fourth wife, he is my first husband. Obviously, I am still a positive person. (Laughter - couldn't have survived without it!) Not too much surprises me for too long - except the aging process. It just keeps providing me with all kinds of "surprising things" to laugh about.

James R. Lisbakken

Married/Involved: Married

Kids & Grandkids: Two kids - Kelly and Ben (finishing and starting college)

Work: Partner at Perkins Coie law firm in Seattle -business/corporate lawyer with emphasis on biotechnology companies/transactions and intellectual property.

Life Summary: After college - 3 years at Westinghouse Nuclear Energy Systems; 3 years as an officer in Navy (avoiding the draft); law school; and finally to Seattle (1975) for current practice with Perkins Coie law firm.

LOHS Role: Those were good years with terrific memories

Surprise Us: Slept overnight on the summit of Mt. Rainier (intentionally).

Michael Livermore

Married/Involved: Married to Linda, LOHS '65.

Kids & Grandkids: Married son with three children and married daughter with two children whom we are able to see and spend time with often.

Work: Have been in the plastic packaging industry for last 20 years.

Life Summary: Summary of what I have been doing since high school? Been working my a....off. Not really sure what I'm doing with all of these old people from school, where did the last 40 years go?

LOHS Role: LOHS provided some great, lifelong friends and a lot of laughs.

Plans: I'm going to start a rock band and redo "Louie, Louie." After that, I'll retire.

1962: FCC Chair, Newton Minow, claims television is a "vast wasteland."

Dick Ludders

Married/Involved: Married Ann Nylene of Vancouver, B.C., May, 1971. Smartest thing I ever did.

Kids & Grandkids: Three kids, no one married. No grandkids. Kids are living the alternative lifestyle Ann and I never did. Jessica, 28, Graduated from Bates and moved to Seattle. Works as Program organizer for non-profit Passages Northwest (sort of "Outward Bound for Young girls") and also for an agent for some of Seattle's glass sculpture artists. Ian, 25, attended Brown but decided to travel and experience life after 3 years there. A master of languages, he's picked up French, Spanish, Greek in his travels. Supports himself by picking blueberries in Maine in the summer! Ross, 21, will start senior year at UMaine; studying sustainable agriculture and very much wants to be in the dairy farm business.

Work: Senior partner in the civil engineering firm of Hoyle, Tanner, & Associates, Inc. Been with them 25 years! I am head of Aviation Services Group which plans and designs airports. So, still indulging my love of aviation.

Life Summary: Graduated from Willamette Univ. 1967. Year of law school at U of O. Failed my draft physical (bad ear) so was free to travel and spent over a year traveling around the world, working in Australia and Germany along the way. Returned to U.S. in 1970 and looked for job in aviation. Hired by The Flying Tiger Line (air cargo) in July 1970 and was assigned to Viet Nam dispatching passenger and cargo flights. Got to see that conflict up close and personally. What a waste of life and treasure! But that's history now (or is it?...) Married Ann in '71, transferred to LA then Boston. Joined Hoyle, Tanner & Associates Inc. as airport planner in 1978. Moved to NH from Boston area in 1979. Been here since.

LOHS Role: Great memories of growing up in Lake Grove and Lake Oswego, giving me solid base from which to view life. If a building is only as good as its foundation, I feel pretty solid about my life because of the start in LO. It amazes me how vivid those three short years at LOHS remain in our memories even though we have lived our whole lives since then!
Plans: Ann and I want to revert to the sixties and travel the USA in a VW bus when I retire. But that keeps getting pushed off by the underperforming stock market...! Probably not for another 6-8 years.
Surprise Us: If anyone remembers my dyed-in-the-wool Republican parents you would be surprised to learn (or maybe not) that the Bushes have finally driven me to the Democratic side. My mother must be turning over in her grave!

Sandy Mackie

Married/ Involved: Wife, Cindy married 34 years

Kids & Grandkids: Two boys--Alec--29--Whittier/USC graduate, Communications Director for JWC Environmental a machinery company, Newport California; David--18-- Sr. Olympia High school this fall--interests, backcountry, Track (Pole Vault) and theater set design and lighting.

Work: 1975-1978 Attorney/partner Owens Davies Mackie 1978-2001. Partner Perkins Coie 2001-present. Legal practice focuses on land use issues including project siting, permitting, and ordinance development issues under Washington's land use rules including Growth Management, shoreline and environmental regulations.

Life Summary: Claremont Men's College, BA Economics and Political Science 1967; George Washington University Washington D.C. J.D 1970: associate Covington and Burling Washington D.C. 1971-1973; Rohr Plessey, 1973-1975; Civil Deputy, Olympia Washington. Cindy and I owned and operated two riding stables with Cindy training riders and horses for hunting and jumping events in Virginia and then Olympia from 1971-1992. I also pursued an active sailing program competing in races throughout the Puget Sound area on Solings, Olsen 30's a Tripp 33, Short Circuit and currently a J-35 called Courageous-- for past 10 years with son David as part of crew. Three of the past five years we have been listed one the top 25 race boats on Puget Sound. Love to cruise by sailboat throughout Canadian waters surrounding Vancouver Island. Also have penchant for buying and remodeling older houses--we are on our 4th house.

1960: Robert Moog & Donald Buchla developed the modular synthesizer.

Tom Malloy

Married/Involved: Married to Donna for 38 years

Kids & Grandkids: We have two wonderful kids Kevin and Julie both married. Kevin has two kids Alex 8 and Nikki 3. Julie has a girl Amy who is also 3 years old.

Work: I am an Electrician working for Rosendin Electric at the new facility in Hillsboro.

Life Summary: Went into army for three years were I worked as mechanic on heavy equipment. After the army I drove bus for blue line "Intercity Busses" after which I was mechanic for Ford for about a year and then started electrical apprenticeship in 1969 with local 48 IBEW.

Plans: Planning on retiring next year; my wife and I plan to travel and see this great country of ours and just enjoy our golden years together.

1960: The halogen lamp was invented.

Bill McCormack

Married/Involved: Married 36 years to my wonderful wife Darlene; we met at OSU; she grew up in Salem.

Kids & Grandkids: Scott (33); Eric (30). Both graduated from OSU and live in Portland area; no grandchildren yet.

Work: Still working as CEO and partner of commercial building contractor, Perlo McCormack Pacific. We are general contractor that builds manufacturing plants, warehouses, office buildings and retail stores. Many of you probably go into HOME DEPOT store in Tigard, which is one of the many buildings I have built.

Life Summary: A brief chronology since high school would be: undergraduate OSU, got married, graduate school Stanford, US Army for 3 years, raised 2 great sons with my wife, MBA from PSU at night, started construction firm that builds for many of Portland's largest companies, earned pilot's license, played golf in Scotland & Ireland with a group from Portland Golf Club, developed and own several commercial buildings for my own account.

LOHS Role: I always enjoy running into LOHS classmates. We are definitely the best group that came out of LOHS.

Plans: Hope to get my golf handicap below 3. No retirement plans yet.

Surprise Us: I am an instrument rated, multi-engine pilot. I own and fly my own twin engine airplane. Does anyone want to fly down to Bandon with me for a game of golf? We can be home by dinner.

Jim McCullough

Married/Involved: Married, 36 years, Linda

Kids & Grandkids: Two daughters, 3 grandkids

Work: Sr. VP & Regional Marketing Manager for Mutual Fund Company

Life Summary: Lived in NW (Portland or Seattle area) since high school except brief period in US Army. Greatest joy has been having great wife, kids & now grandkids. Difficulties have been living through all the business reorganizations in the financial services industries of the NW. Have traveled to almost every state in US & been to Canada & Mexico but disappointed not been to Europe or Asia yet.

LOHS Role: The solid educational foundation and the social skills learned at LOHS have been a surprise as to how much better prepared I was versus others.

Plans: Travel to other countries in Europe & Asia.

1961: Nondairy creamer was invented.

Nancy McGuire Mucken

Married: Yes

Kids & Grandkids: 2 wonderful daughters and 2 beautiful granddaughters who are young enough to think I am amazing.

Work: Sure am trying to figure out a way to retire, but haven't managed it yet. Fact is, I love what I do. I am an RN---- recently left ICU for Post-Op Recovery Room. I have the pleasure of working with a group of old friends who also used to work ICU with me. So, I am having a good time with it.

Life Summary: We lived in Caldwell, Idaho for a couple of years after my husband graduated from U of O. I had never lived in a place like that before. It was very small---the social seemed to revolve around Tupperware parties and the Jaycees. I was happy to leave. We then rented a house in Lake Grove and eventually bought a house in Westmoreland and lived there until 1981, when we moved to Seattle. We love it up here.

LOHS Role: What I got from LOHS was the sense that you shouldn't limit yourself--that we could do whatever we set our goals. We were encouraged by our teachers to reach for something. I feel very grateful for the environment we had at LOHS.

Plans: I hope to combine my love of traveling with my love of nursing. My plan is to take 3-month assignments in hospitals in areas I would like to live for 3 months--like warm places in the winter. Hawaii? San Diego? Albuquerque?

Surprise Us: No surprises here---(at least none that can be shared on internet :) Hope to see all of you at the reunion--still trying to adjust a work schedule. So, if I don't make it, my best to all of you and see you in 10 years....

1963: Valium was introduced.

Doug McKillips

Married/ Involved: Married 23 years

Kids & Grandkids: One great daughter, and two terrific grandkids, one boy, one girl

Work: Retired in 1999. Worked as Police Officer for 26 yrs.

Life Summary: Enrolled in Portland State, leaving after 1 ½ years with the draft hot on my heels. Enlisted in Marine Corps--went to Viet Nam for 13 months. Returned to Portland State where I picked up a couple of degrees in education. Taught fifth grade in David Douglas School Dist. for a year after which was commissioned as Portland Police Officer. Worked for Police Bureau for 26 years after which I retired. Currently trying to get internet marketing business off the ground. That's my story and I'm sticking to it.

LOHS Role: In retrospect, LOHS seems to have provided a solid basis for one to stumble out into the world. It would have been more helpful had I paid more attention.

Burmah A.McLawnhorn Martin

Married/Involved: Married to Dean L. Martin-LOHS '62.

Kids & Grandkids: Between us we have 5 children and 14 grandchildren (7 boys and 7 girls). Range in age from 13 years to one week. We had four born in 2002. They are the most important part of our world.

Life Summary: We own and operate an Equine Nutrition company that we began in 1986; we started with dairy cattle and grew to feed all livestock and large animals. Sell mainly in the NW but also Japan and Puerto Rico. We are still a growing company. Our office is in Burns, OR and our warehouse is in Mt. Angel, OR. Our lives are centered on friends and family. Dean's outdoor activities have been slowed down due to the spinal cord injury, but he is an amazing man who appreciates each day and NO complaining. He could teach most of us a few things on appreciating life's gifts. I have taken up cross

country skiing since our move to Burns and have become an addict! I ski with my dogs, a radio (connected to Dean) and my .357 (in case I run into a cougar).

LOHS Role: I have always thought of my years in high school as wonderful and very fortunate.

Plans: I hope to have as many years as possible with my family (God willing) and continue to grow as a person. I do many hours of volunteer work with abused children, mostly sexually abused girls and at times our home increases with a foster child or two. I work through the DA's office in our county. I continually hope to do a better job with the kids I work with and help them develop as healthy adults.

Remember when people built bomb shelters in their backyards, and we were called out of class to sit in the halls and "duck and cover"?

Fred McLawhorn

Married/Involved: Married

Kids & Grandkids: 3

Work: Real Estate Broker

1961: Bay of Pigs invasion of Cuba by 1600 rebels trained by the U.S. is a horrible disaster and embarrassment to President Kennedy. (Remember the teachers all listening to the broadcast on the LOHS intercom?)

Greg Meiling

Married/Involved: Married to Huong Thi

Kids & Grandkids: Two Daughters: Khuyen Marie Meiling-Wesse and Karen Michelle Meiling

Work: Still working. In 2000 I retired from the operating room and became executive VP for Starr Wood Cardiac Management. The 23 years before this I was chief perfusionist and Physician Assistant for Starr Wood Cardiac Group's practices in Oregon, Washington, California and North Dakota. I was program director and developer of Providence St. Vincent's School of Cardiopulmonary Perfusion from 1988 to 2000. Am president and owner of Oregon Autotransfusion Services Inc. a blood salvaging and processing company.

Life Summary: After 20 months in Vietnam I married my wife Huong and returned to LO and started college again at PSU. Joined US Army reserves and retired out with 23 years after breaking my pelvis in night parachute jump.

Plans: Plans for retirement are to work on my cars and tour the USA in my converted bus.

LOHS Role: Biggest disappointment with high school was not being more actively involved in school functions.

Gretchen Miller Bevan

See Bob Bevan

1962: "A Funny Thing Happened on the Way to the Forum" with Zero Mostel premieres in New York.

William Neff

Kids & Grandkids: Son and daughter from first marriage: Jason is on Faculty of University of Colorado after getting PhD from Stanford as Biogeochemist; Erika is network engineer for financial risk management company. Daughter from second marriage, Lindsay, is high school sophomore. Granddaughter, Sophia, was born in May. Daughter-in-law finished her PhD just before Sophia was born and is starting a post-doc at U of C in the fall.

Work: Director of a scientific research lab in NOAA (www.etl.noaa.gov). Do weather and climate research, applying new ocean and atmosphere observing technology in U.S. and remote parts of Earth (Tropical Pacific, Antarctica, and Arctic Ocean).

Life Summary: Went to Lewis and Clark College (math and physics) and then to UW in Seattle for grad school. Lost draft deferment in 1968 and joined U.S. Coast and Geodetic Survey spending most of next two years driving ships and surveying in Alaska. I was assigned to NOAA Boulder research labs in 1970. Resigned commission in 1973 and returned to grad school in Colorado in Astrogeophysics (Planetary and stellar fluid dynamics), doing research at South Pole during austral summers of 1977 and 1978, and finishing PhD in 1980 after divorce in late 70s. Met my wife Lori in 1983 and married after month of backpacking through Europe. Spent much of next twenty years mostly as scientist and recently went into senior management despite my better judgment. Lori teaches English as second language in elementary school. We enjoy traveling, with extended trips to New Zealand (sometimes in connection with my trips south to the Ice) and recently returned from few weeks in France and Spain (visiting our Spanish exchange student from year before).

Retirement Plans: Will probably stay in my current job for five years and then move to Univ. as research professor and find ways to keep going back to Antarctica and traveling the world with my wife.

1963: During a visit to West Berlin, President Kennedy warms his audience with "Ich bin ein Berliner."

Lynne Nelson Hogan

Married/Involved: Just married, May 2003 to Rick. We have been together 14 years.

Kids & Grandkids: Have a son, Nate. He is 29 and got married last summer in San Diego. They don't have any children yet. He teaches third grade and his wife is an interior designer.

Work: Own an art gift gallery in a shopping center.

Life Summary: After two years at OSU, I moved to Seattle. From there to San Diego. Lived in NYC briefly, Hartford CT, Nashville, TN and Ann Arbor, MI. Lived in Palm Springs for a couple of years and moved to Kona in 1984 when I was offered a job as a cook on a fishing charter boat. Been involved with the gallery since 1989. My biggest disappointment is that my yearbook was destroyed, and to be totally honest, I remember names, but can't seem to put a face to the name in a lot of cases.

LOHS Role: It was everything that high school days should be. Great memories!

Plans: Either buy property in the mountains and build a second home (cabin) or are contemplating buying RV and traveling until we find a place to eventually build.

Paul Niles

Married/Involved: Married 37 years

Kids & Grandkids: 3 kids, 4 grandchildren

Work: Title insurance business for 15 years. Real estate acquisition services for City of Portland / private consultant for 20+ years. Can't seem to hold down a job (retired).

Life Summary: Working, raising kids, sweating the small stuff. Joys--Early retirement Disappointments--Early retirement. Where I have lived/traveled-- various locations in the beautiful state of Oregon. Still maintain contact with LOHS friends - Dennis "Easy Rider" Bacon, Kent "Maui Missionary" Sjolander and Don "The Don" Taylor. Found the True meaning of Life! (hanging out at Costco on Saturday afternoons to scarf down the free food samples)

LOHS Role: Have been able to use most of what I learned at LOHS with the exception of two years of Spanish which I have completely forgotten. Sure wish I could remember all that stuff I learned so that I could understand what those Spanish-speaking people are saying on the Univision television channel.

Plans: Win the lottery. Not allow my children to put me in a nursing home, or worse, taking care of me themselves.

Surprise Us: I'm not afraid to fly. Still enjoy going to Lake Oswego Swim Park and Lake Grove Swim Park on a hot day.

Feminine fashion statements: Capri pants; the "Jackie Kennedy" look; ¾ length sleeves; sundresses with poufy skirts.

Judi Novak

Married/Involved: Not now/Survived two long term relationships.

Kids & Grandkids: Two wonderful daughters, one married with 2 sons and a daughter; my second daughter is single.

Work: 18+ yrs. with City of Portland Business License Bureau. Previously many different jobs, including social services.

Life Summary: Greatest joys--- family/friends & volunteer work relating to children. Lived in Willamette Valley— fifth generation. Surviving breast cancer. This year: interest in knitting, felting, dying and spinning various fibers.

LOHS Role: Good and bad, like most experiences.

Plans: Uncertain.

Surprise Us: After this reunion, I've been reminded of saying a number of things, so don't know if I have any surprises.

Remember when Bits Garside, LOHS '62, was the first person we knew who skied barefoot on the lake?

Paul Ochs

Married/Involved: Married : Nancy, 1994

Kids & Grandkids: 5 children, 10 grandchildren

Work: Retired: 2002

John Oscarson

Married/Involved: Married 34 years - wife Gabriele.

Kids & Grandkids: Two daughters: Marianne and Stephanie.

Work: I sold my insurance business a couple of years ago.

Life Summary: Spent early years after high school concentrating on education, vocation and later marriage and family. Had brief respite when I was drafted into Marine Corps and spent a year in Viet Nam but returned to the tasks at hand when I came home. Just a few of my various jobs since high school: truck driver, nanny, deputy sheriff, college professor, customer service manager, sales manager and owner of insurance agency. I am still hoping to find out what I want to do when I grow up but for now I am concentrating on riding my horse as often as possible. We are currently jumping in the 3 to 4 foot range but I am hoping to take him higher as he is infinitely talented and a Seattle Slew grandson.

LOHS Role: I am still struggling with this question. I wish I had grown up in Lake Oswego rather than just spending the last two years there. I had some great friends but wish I could have known more of you.

Plans: Jump a bigger fence and ski more downhill runs in a day (we count the runs and the goal is to do more).

Surprise Us: We have all had surprises. I doubt that mine are any different than yours.

1962 Bestsellers:

Ship of Fools, Katherine Anne Porter

Dearly Beloved, Anne Morrow Lindbergh

A Shade of Difference, Allen Drury

Youngblood Hawke, Herman Wouk

Franny and Zooey, J.D. Salinger

Fail-Safe, Eugene Burdick & Harvey Wheeler

Seven Days in May, Fletcher Knebel & Charles Bailey II

The Prize, Irving Wallace

The Agony and the Ecstasy, Irving Stone

The Reivers, William Faulkner

Jan Oslund Grant

Married/Involved: No

Kids & Grandkids: No babies

Work: PSU Foundation (donor cultivation)

Life Summary: Two years of college, one at Columbia, one at UCLA. Traveled and lived in India, NYC, San Francisco, Los Angeles, Holland, England, Washington State, home to Portland.

LOHS Role: Good school, great opportunity for females in sports: archery, golf, etc. Although not ethnically diverse, there was a mishmash of economic diversity without snobbery. Those that lived on the lake or had access to a boat invited those that were inlanders. We formed some intimate ties, Leslie Bernstein is a woman I will remember and love until I die.

Although our lives were somewhat protected by the times, fencing us into a fairly naive consciousness, by the time we were graduated, reality infiltrated us with closely guarded pregnancies; fatal car accidents, and family members who died. We clung to each other and we laughed a lot.

Plans: The dream is to have two homes: one home in BC Canada, in a valley at the top of a mountain, near my sister. The other somewhere in the high desert of New Mexico.

Surprise Us: Did a recording with George Harrison. Taught John and Yoko Lennon's kitchen staff macrobiotic food preparation. I lived in one of their guest cottages at the Tittenhurst England property for about a year. Was profoundly involved in the start of an eastern religious movement in the US

Elaine Otness Carpenter

Married/Involved: Married 28 yrs - yes to the same person!

Kids & Grandkids: A son and daughter. Now have 4 grandchildren (two for each kid). Three girls and one boy.

Work: Still working until end of September when I retire. Have worked for federal government for 32 ½ years. For past 15 have been doing computer systems for personnel realm for Army civilians.

Life Summary: How do you put 40 yrs in a few sentences! Went to college at OSU-- got married and divorced with two kids along the way. Remarried and moved to WA and worked there for almost 20 yrs. After kids were grown, decided to take a few tours on Uncle Sam. Worked in Wisconsin for 3 years; then Arkansas for 3 yrs. AZ for past 5 years. Love to travel to Mexico since we are close to border. Took lots of classes and became Microsoft certified professional. Not sure it did anything for me except make me feel good that I passed a couple of Microsoft's really tough tests!

LOHS Role: Feel that we were given a much better education than some are getting these days.

Plans: I have home-based business as independent consultant for Longaberger selling handmade baskets, pottery, wrought iron. Probably some craft and enrichment classes besides traveling.

Surprise Us: Used to raise and show dogs and survived my husband falling off roof. He was flown via helicopter to Tucson where they operated on him and put 14 plates in his head. Not sure whether it was more traumatic for him or me!

1962: Minimum wage was \$1 per hour.

Nancy Owen Wyatt

Married/Involved: No/No

Kids & Grandkids: (I birthed a kid and probably have grandkids, but haven't found/met them yet.)

Work: Customer Service Rep and In-Home Service Caregiver

Life Summary: Lived everywhere practically and always come back to Oregon. Been through two marriages---I'm done with that institution! I love my freedom of being single! There isn't enough room to put even in summary the last 40 years so you can all guess and I'll tell ya' at the next reunion. Never missed one yet and, God willing, I'll be at them all!

LOHS Role: LOHS was a great school! We were small enough to have small groups of friends but large enough to be able to meet new friends. After 40 years it is amazing how close a lot of us still are and how we look so much like we did 40 years ago.

Plans: I'm writing a book and hopefully will be able to complete it before I'm too old to write or see. Never going to retire!

Surprise Us: I found my blood brother, and hopefully by our next reunion, I will have found my son. (P.S., Yes I was adopted, classmates--for those that didn't know.)

1961: The birth control pill was introduced to the public.

Kristine Paepier Vroman

Married/Involved: One great husband.

Kids & Grandkids: Two great kids in Idaho (Sun Valley) 4 terrific grandkids. (Aren't everyone's the greatest?) They ski a lot so one of them may be the next Picabo Street. Our daughter was a nanny for Bruce Willis and is the ski school director at his Soldier Mt. Ski resort. Our son builds houses for the rich and famous. (And very discreet)

LOHS Role: I'm really sorry I was in Idaho babysitting when the big week-end was. Sounds like it was a total success. (All the memories and successes of our classmates) Hope to get in contact with classmates down the road.

I will order hard copies of the books as AOL is hard to download and save stuff. I am not very computer literate. Thank everyone for all the work and effort they put into making this reunion memorable!!! And future ones. Kris

Carol Parsons Rolph

Married/Involved? Married to Steve Rolph, Jesuit High School Basketball coach and retired math teacher (Jesuit).

Kids & Grandkids: Sheri is 34 years old and works at OHSU as Director of Funding. She graduated from St. Mary's Academy in Portland and Washington State in Communications and English. Paul is 33 and graduated from Jesuit High School and Oregon in Business. He is in Commercial Real Estate in Salem. Neither have married and neither have children.

Work: This is my first year of "semi-retirement" as Assistant Superintendent, Principal of Newberg High School, Principal of Dundee Elementary School; prior to that I taught at both the elementary and middle school levels.

Life Summary: Had the opportunity to live and teach in Washington DC. Lived in Falls Church, Virginia. Lived on cattle/wheat ranch in Helix, OR where Sheri was born. When the children were 8 and 10, I chose to go back into education, teaching, as first marriage ended in divorce. I remarried and live in proximity to the two schools Sheri and Paul attended and near Jesuit High School. Education worked well for me. Was appointed the Oregon Department of US Education Representative for School Excellence and visited many schools across US as well as studied in New Zealand. Loved the work but am really disappointed in the "state of education" as it is in Oregon and at this time today.

LOHS Role: I think I was the most "not serious" student and spent a lot of LOHS time doing anything to have "fun." The counselor, Mr. Kremer, suggested I not go to college. I doubt he would believe that I graduated from Lewis and Clark and Linfield College and in Education, at that.

Plans: Exactly.....have fun, read, paint and travel. Continue teaching courses at Portland State and University.

Surprise Us: That I became a school principal as an elementary and high school principal and as a superintendent, would no doubt be #1. Maybe, that I attained a 4.0 as a student "right after I left LOHS."

Marcia Jean Patrick Brown

Married/Involved: Married to Bill since 1966.

Kids: Amy Elizabeth [Denver], MD in Family Practice; Fellow in Obstetrics. Matthew Warner, grad of VMI, and Suny Maritime Academy—sent to Kuwait with Marine Corps Reserves.

Work: Graphic/Computer Art. Commissioned animal portraits. Modeled (was in national women's magazines' ads for Pillsbury Snackin' Cake, Dial Soap, Butterball turkeys). Coordinator-Interpreter for Interplast Doctors traveling to Peru and Honduras. Was in Peru on September 11th.

Summary: Attended UO (Art Ed) & U of AZ. Bill & I have moved 28 times in 37 years; I have traveled just about everywhere. (Bill has been to China 45 times.) Moved to Phoenix—Ohio—Johannesburg, South Africa. Transferred to Sao Paulo, Brazil—to Conception, then Santiago, Chile. In 1986 returned to US (Wisconsin then Ohio). Husband recruited by Kennametal in Greensburg, PA, where I started Fox Hunting. Lived there 9 yrs. until Bill took CEO position with Extrusion Dies in Wisconsin. I commuted to Minnesota to Fox Hunt for 2 years until our move to MN. Two minor disappointments: not having raised my children in one place where they could have "roots" and that, because of moving I have never established a career. I do, however, feel amazingly successful in that I have created "homes" all over the world and raised children who are interesting, successful adults.

LOHS Role: Was great experience but not sure what "role" it played.

Plans: Get and feel ORGANIZED!

Surprise Us: Member of Screen Actors Guild at same time as Ronald Reagan. Jose Feliciano told me I smelled wonderful. Had watercolor painting on front of international horse magazine. Bet I'm only '63 Laker who's lived under both Apartheid and a Dictatorship.

Bryn Pederson

Married/Involved: Married to Tonya VanBueren

Kids & Grandkids: Tonya and I have five children and five grandsons between us.

Work: Respiratory Therapy.

Life Summary: B.S. U of O. Married, two children. Banking career Federal Reserve Bank; divorced, remarried; Associate degree Respiratory Therapy with career at Providence Newberg Hospital; moved to Twisp, WA 2000 and work for Allied Medical in home therapy

LOHS Role: Intro to some of life's skills

Plans: Enjoy my family, travel, ski, hike, fish, bike, and play music.

Surprise Us: That I moved to a town with population of 700 and a county that has total of three stoplights.

Alan Peters

Married/Involved: Married to Vicky Fries (L.O. '67)

Kids & Grandkids: Two Seniors, son Martin final year at University of Oregon (International Studies) and daughter, Elise being a senior at Newberg High School (just now starting to date).

Work: Still working 6-7 days a week with my wife running the Portland Conference Center, a meeting and banquet facility wedding receptions and business functions.

Life Summary: Have stuck very close to Portland area, working a lot with real estate properties from building to paying lots in mortgages. Biggest disappointment has been trying to get something off the ground in the City of Portland, which has some very strange politics. Have had much better luck in other Oregon counties. Greatest joy has been to see our kids mature into great young adults with very bright futures. Not much travel, but will make it to Hawaii over the holidays and Germany next summer with my son Martin being our guide. Otherwise, really boring (working all the time) and have promised myself I will be included in the "retired" group for the 45th reunion.

LOHS Role: Having attended Cleveland High School for my first two years of high school and Lake Oswego for my last two years, I can assure you that LO alumni are in better shape; I am not really sure why, but I am glad to be in good company.

Plans: No great plans to date, but would really like to find something my wife and I can do together, whether it be for fun or more work.....Starting to sound like all I do is work.

Surprise Us: I have never been arrested for a speeding violation or been audited by the Internal Revenue Service.

Julie Peterson DuPuis

Married/Involved: Married to Dan 40 years on July 6, 2003.

Kids & Grandkids: 2 children -- Loreal (39) and Dan (38). 5 grandchildren -- Niklas (13) and Anders (11) are sons of

Loreal and Johan DuPuis-Lund. Dan is divorced but the very proud and loved daddy to Dannette (7), Ashlee (4 1/2), and Haley (2 1/2).

Work: Have been rural mail carrier for 24 years and look forward to retirement in Jan. 2005.

Life Summary: Housewife, mail carrier. Went to nursing school but decided it wasn't for me. We have lived in OR, CA, and longest in WA---Vancouver, Battle Ground and Amboy (we live closer to Amboy than Yacolt!!) We had motor home for 15 years and traveled most of the western states. Now we vacation mostly in Mexico and Hawaii. Have also been to Europe several times and Costa Rica. Life has been a test to these 40 years and we feel we've (finally!!) passed with flying colors. We helped to design and build our dream home 5 years ago and it is where we most like to be. Loreal is building next door so we have a nice family enclave on our 80+ acre tree farm.

LOHS Role: Gave me worthwhile educational foundation.

Plans: We're planning a road trip to Alaska with friends and also hope to spend a month or two in Hawaii each year. Mostly we just want to enjoy the peace and beauty of our home and gardens and also have more time to visit our grandgirls in CO.

Surprise Us: No surprises--what you see is what you get!!

Lyla Pew Peterson

Married/Involved: Divorced, no suitors.

Kids & Grandkids: My daughter Lisa and her husband Peter live in San Francisco--they have 2 daughters Emi, 5 and Chloe 2. They have a place in Hood River where they stay in the summer--he commutes back and forth to SF. My son Eric and his wife Aaryn live in Portland and have my third granddaughter who is 15 months, Grace Elizabeth Daughter.

Work: Registered nurse, working part-time for Multnomah County

Life Summary: Lived in Seattle, Fairbanks, San Diego, but mostly, Portland. Enjoyed my work and family. Received 3-yr. nursing diploma from Emanuel School of Nursing; later a BSN from OHSU. Travel to Israel, Europe, Honduras, Mexico, Virgin Islands, Puerto Rico.

LOHS Role: Just went there my senior year, but it was a good year---my family was poor, but I was treated well---inspired academically at an upscale school.

Plans: Hope to retire in next 2 years---spend time with grandchildren, church, travel again to Honduras to work on projects for the poor.

Surprise Us: I lived a rather wild life for 13 years after my divorce, but regained my faith in 1989.

In the 60's, the average salary was \$4,743; average teacher's salary was \$5,174.

Dean Pindell

See Janice Duke

1960: Advent of the American Football League and emergence of superstars like Johnny Unitas.

Carol Ann Porter Denton

Married/Involved: Husband of 32 years, Roy Gold Denton

Kids & Grandkids: One daughter, Deborah (Debbie); married to her college sweetheart Eric. They have two adorable little girls; Kaitlyn 3 yr. and Megan 1 yr.

Work: Over the years, I worked at Wilsonville's Tektronix for 5 years, then in Fabric/Craft stores... sales, teaching sewing and crafts. Presently I help seniors, sewing and doing clothing alterations.

Life Summary: After business school, I married and lived in SW Portland till 1982, then 4 yrs in northern New Jersey. In 1986 we transferred to Pleasanton, CA in the Bay area. In 1992 we moved to our quaint little city of Lodi, CA with its 57,000 other residents. Love it here! No traffic jams! Traveled through Norway in early '70s. Most of the time we just do our camping, hiking and outdoor adventures. Am active in Lodi Garden Club and fund raising for High School scholarships with crafts/garden projects. Belong to Lodi Newcomers Club.

LOHS Role: Gave me the basic education & encouragement to learn everything I can, and to teach what I know to others.

Plans: Continue teaching sewing and crafts. Retirement is still 14 years away.

Surprise Us: As an extremely quiet and SHY student in LOHS, I surprise myself by speaking in front of my clubs and teaching crafts/sewing/gardening to large groups of people. I get involved in our city planning & attend council meetings. Love woodworking, building projects, refinishing/painting, all of which are self-taught.

Yvonne Quick Hoekstra

Married/Involved: Divorced (Oh well)

Kids & Grandkids: 2 boys-- ages 27 and 30; 1 grandson, 19 months. Oldest son is married to lovely young lady from Hawaii and has MS from U O in Computer Science; is a Senior Software Engineer at Intel. They live in Forest Grove with my favorite grandson. My youngest son has his BS in Biology from Willamette University and his DPT (Dr. Physical Therapy) from Pacific University. He is married to a lovely young lady from Tualatin. He is a Physical Therapist in Beaverton, and they also live in Forest Grove. If you want to see pictures, just ask, I am sure I can produce a couple.

Work: President/CEO for IBEW/SJ Cascade Federal Credit Union in Salem. I have been involved in Credit Unions since 1964 and love it.

Life Summary: I was married for about 15 years. I have lived in Portland and Tigard. I now work in Salem but still live in Tigard with my 2 dogs and 2 cats. Commute is not so bad. I guess I am not much of a traveler. Both of my boys were very active in Boy Scouts, Marching Band, Little League, Football, etc. and really kept me on my toes. I was involved on the Little League Board, Band Boosters, Scout Committees as well as football games, baseball games, soccer games, etc. This is probably why I never remarried, just too busy running. However, I would not change a minute of it. I have been rewarded with two wonderful sons who remain very close. My youngest son played football for Willamette University and we were able to go to Memphis, TN for Nationals in 1998. This was one of the highlights of my child raising years.

1962: Andy Warhol's "Campbell's Soup Can" went on display in New York City.

Sandy Reece Jernstedt

- Ken and I celebrated our 36th anniversary last week with a trip to Lake Quinault Lodge. He practices labor law in Portland. I am a realtor with Windermere. We both would rather be playing at Black Butte Ranch instead of working. Now that we are empty nested we are starting to get in a little more play.
- We have lived in Lake Oswego for the last 13 years (finally bailing out of the Portland School district after trying to fix it for 10 years). Our children are 28, 25 and 20. Erik and Matt graduated from PSU and U of O respectively. Kaitlin is a junior at Santa Clara University and is in Europe traveling before landing in London for fall semester abroad. (I want to be my kid) I am currently trying to spend all my spare time with our gorgeous and brilliant 6 month old granddaughter (who was born on my birthday!) Life is good.
- Recently completed 10 years on Oregon Public Broadcasting board of directors and spent a few years on Lake Oswego School District Foundation Board. Right now I am staying out of mischief by serving on University of Oregon Alumni Board. It is really fun connecting with college friends and being forced to spend time on campus several times a year.

Jim Remsen

Married/Involved: Married

Work: Owner, R.K. Commercial Floorcovering, Inc

Music on the radio was supplemented by "American Bandstand," watched by teens from coast to coast. When Chubby Checker introduced the Twist on the show in 1961, a new craze was born. Dancing became an individual activity.

Remember the Mashed Potato, the Swim, and the Watusi?

Carol Ann Rice Rush

Married/Involved: Happily married for 37 years to same wonderful, kind, loyal, hardworking, generous, loving man. (He claims he's happy too!)

Kids & Grandkids: Daughter lives in Las Vegas and helps people with their wardrobe – at Dress Barn she manages. She moved to Vegas and opened new store. Son is Network Administrator for Marsh McLellan. He works a LOT of hours! (NO, you may NOT call him.) He has our only grandchildren – Tyler [8], the first child born in our family in 23 years. Jon, my darling politician, age 6, and Kimmy, grandma's Angel and daddy's Princess (and everyone else's terror) is 3. I am simply known as Grandma Duct-tape. (I will not explain.)

Work: Have been with Key Bank for 27+ years. Was a Brownie Leader, Jewelry Saleswoman, volunteer Parent/Teacher, excellent Garage Sales Navigator, highly regarded Salsa maker, and wonderful misadventure recorder. (I never forget a good mishap!).

Life Summary: Met my husband dragging Broadway in Portland, and I knew he was the man for me. Purchased small farm on Cooper Mt. in Beaverton. Did a lot of camping, fishing and hunting then graduated to Cruise Ships – oh the JOY! Cruised to the Caribbean and Alaska. (where we put 4000 miles on a rental car!) Elected chapter President of American

Business Women's Association and voted Woman of the Year. Finally finished my Associates Degree. History is a passion: wrote/performed skits about President's wives and what it was like for women in 1770's. We purchased 1929 Durant auto and belong to only Durant club in the world. Our hobbies are Gold Panning and Four-tracking (playing on Sand Dunes). We more or less fish whenever possible. (More for him, less for me!)

LOHS Role: I learned my lessons well.....I do not play golf to this day! I got excused from Golf when we graduated to real golf balls and were practicing hitting balls--- I swung back and hit Irene Neumann in the head and then hit the ball and gave a black eye to another person. So yes, I have still given up GOLF--you may all breathe a sigh of relief.

Plans: Go to Ireland and visit the Rice castles. I hear there are many of them. Cruise Panama Canal and visit New Zealand where my War Bride Aunt was born. Work more on Genealogy.

Surprise Us: I'm NOT the shy, bashful wallflower I was in High School. I attended 10 year reunion and felt a powerful pulling of energy back into my body telling me to act the way I did in High School. I DID NOT LIKE THAT FEELING. I like doing my own thing. I look at and live life as an adventure, challenge and a constant learning experience

Jim Riddell

Married/Involved: Married

Kids & Grandkids: Two boys, Grant in 4th yr at UW, Ryan in 2nd yr at Clark and then on to UW. Great young men, going on to teaching - masters. History and English. Looks like they will be fine. Great soccer players and almost black belts. Ryan has a great lady friend, holding out hope for Grant to meet someone special.

Work: Land development and Real Estate marketing. Doing an 80 home project in Ridgefield, WA at this time.

Life Summary: 1- Education = On the street 2 - Since high school = Years in office equipment business, Army, and now about fifteen years in land development/real estate marketing. 3 - Joys = Leslie B at 9th grade prom, good friends when I was young, great wife/mother/lady for last 23 years, two boys, super boys, painting, land development, & God. 4 - Disappointments = For most of my life I had a long list, now it is insulting to have any disappointments on a list when I've been so lucky in health & years when so many others have not - life has been kind. 5 - Lived in Tri-Cities, Spokane, Seattle, Lacey, Tigard, Vancouver, WA. 6 - Interesting aspect of life = Next day for the most part has improved over today

LOHS Role: The friends were everything, I think of them each day. The High School, they can go to ----, turned its back on me, I will never forgive some of the school staff. I can remember how the school told me that I was infecting the other students, should not be there, go away, don't come here anymore. Even went so far as to inspect the size - shape of my hands and came to the result that I was not able to be like other students. Did not have the mind to do the work. That from looking at my hands. To hell with LOHS - the kids, great and God bless them all. Without Tom, John and all the others, it would have been much harder.

Plans: Paint, travel

Surprise Us: My real birth name is Theron James Carlin. I can trace my real family tree back to my 26th great grandfather. I went to work on the real history of my family. What a wonderful trip. I have always loved history so this was easy. I would suggest everyone learn as much about your family, pass it on. It is important.

George Robinson

Married/Involved: Married to Barbara.

Kids & Grandkids: Two (step) kids Natasha and Nathan; grandkids Ethan (2) and Caitlin (1). Natasha does linguistics at U of Arizona in Tucson and in the Netherlands; Nathan is an engineer with Toyota near Detroit.

Work: Power scheduling for Pacific Power & Light, then programming for the Army in Rock Island.

Life Summary: Worked in Munich in summer 1966 and Frederick, MD in 1968. Learned some French and Norwegian. Traveled in Europe and Alaska. Climbed Mt. St. Helens before it blew up. Like folk dancing, singing, volleyball, war-gaming, and vegetable gardening.

LOHS Role: LOHS prepared me well for college, for getting a job, and for making friends in foreign languages. Taught me lots of big words but not when not to use them... LOHS never challenged my values that much until Senior Social Studies... LOJHS was best for teaching me typing! Algebra, too...

Plans: Paris for our 25th anniversary -- or maybe Australia... Looking at retiring in two or three years, visiting grandkids, working on the Model T, gardening, reading, war-gaming, travel, maybe math tutoring.

Surprise Us: While taking the bus back from Tacoma, I got to talking with a man who had captained an Alaskan fishing boat where Howie Baker worked one summer. Howie had asked why the other guys didn't seem to like him, and the Captain answered that Howie used too many big words. After that, Howie and the crew got along fine.

Tom Rogers/Rodriques

Married/Involved: Married to Anna Purcell for 21 yrs. Three grown stepchildren who are living great lives, and we all enjoy doing things together, *e.g.*, next Christmas the extended family is spending two weeks in New Orleans, one week on a Caribbean Cruise and one week on the river.

Work: Yep, probably will always do something as long as I can keep a flexible schedule and take ski trips. Anna and I started a wedding and reception facility five years ago called Gray Gables Estate.

Brief Summary: Work, pay taxes and travel with the pennies that are left.

1963: Maurice Sendak published "Where the Wild Things Are."

John Russell

Married/Involved: Married for 23 years

Kids & Grandkids: 3 kids: one age 34, juvenile justice advocate in New Orleans; one age 32, Portland paramedic firefighter; one age 21, college student in Ohio

Work: I own office buildings in downtown Portland

Life Summary: Graduated from Webb Institute in New York with degrees in naval architecture and marine engineering. Traveled to England and lived in Switzerland as part of college. Graduated with Masters from Harvard Business School. Worked for ten years as general manager and partner of Melvin Mark Properties, at that time the largest private owner of office space in Oregon. Formed own company in 1979 to develop Pacwest Center, the 30-story building opposite City Hall. Retired for two years in 1985, then bought the 200 Market Building in 1988. Married to Mary Fellows in 1980, inheriting two children. Our daughter was born in 1982. I've volunteered for a number of public positions over the years, including service on City of Portland Planning Commission and its Landmark Commission. Recently retired as chair of Portland Development Commission and am currently member of Oregon Transportation Commission (the "board of directors" for ODOT and DMV). Public policy issues really matter to me.

LOHS Role: Terrific teachers

Plans: I've retired twice and can recommend it, but my own plans to retire aren't certain.

Surprise Us: I still have a full head of dark hair.

Bob Schechter

Married/Involved: Yes, 36 years

Kids & Grandkids: 2 sons, one itinerant musician, one engineer, no grandkids

Work: Owner Pine Creek Wood Company, Sawyers of exotic woods for furniture and musical instruments

Life Summary: Work, sleep, ride, party, repeat.

LOHS Role: A nice place to spend nine months. A better class of inmates than the other 12 institutions I was sent to.

Plans: Work, sleep, ride, same.

Surprise Us: I'm not as quick as I used to be.

1962: Cuban Missile Crisis occurred when U.S. discovered Soviets setting up long-range ballistic missiles in Cuba.

Eileene Sherman Gillson

Married/Involved: Divorced

Kids & Grandkids: One very special granddaughter who was born on my birthday in 2002. She arrived 3 mos early and weighed 2 lbs. 5 oz. She spent only six weeks in Neonatal Intensive Care Unit even though we were told she'd be there for 3 mos. She was a real fighter & has continued to beat the odds on all stages of development. She is adorable & no one believes she started out so very small. Because of risk to my daughter's health there will not be more grandchildren unless they adopt (a much discussed topic). Youngest daughter Erin, her husband Cory, my granddaughter Madison & their 80 pound German Shepherd are living with me while Cory finishes college. It is crowded but lots of fun to have them here. There is never a dull moment with a little one getting into everything.

Work: Looking for work since losing job due to downsizing in this sluggish economy. Was working in credit department of builder supply company & would like to locate similar work.

Life Summary: Lived in Santa Barbara for 3 years while putting ex-husband through school. Returned to LO & finished degree at Marylhurst. Was President & owner of own construction company in Eastern Oregon for five years but am glad to be back on this side of the mountains. Am treasurer of Cascade Scottish Terrier Club which promotes responsible dog ownership & supports rescue program. I have a rescued Scottie that I do agility training with. My Dad died a few weeks ago at age 90 in California. My Mom is still living on her own in a condo in Lake Oswego at age 88.

LOHS Role: LO provided a strong academic educational background that has served me well over the years. I have ended up being a life-long learner, always wanting to know more about a variety of things.

Plans: Would very much like to travel more but will most likely do that in shorter segments so I can continue to be involved with my granddaughter.

Surprise Us: Climbed to top of Mount Hood with Mazamas several years ago & will never forget the wonderful feeling of being on top of mountain that I had lived in the shadow of most of my life.

Tom Shipley

Married/Involved: Wife Linda M. Shipley

Work: Wedbush Morgan Securities - Stockbroker

Life Summary: Bachelor's Degree & MBA from U of O. Been stockbroker since 1972

LOHS Role: Not sure

Plans: Travel, boating, golf & fishing

Surprise Us: I got good grades in undergrad and in grad school.

Gail Shogren Martin

- Married to Jack Martin for 38 years
- Oldest daughter, Amy, married and has 2 adopted boys; youngest daughter, Deborah still single.
- Retired/moved to Central Oregon 7 years ago; 5 years ago I went back to work. Jack became Volunteer with fire department, and they needed an assistant administrator. I enjoy this job more than any other I've had. It gets busy at times, but very rewarding. I do not go out on calls, leave that to Jack, however the front office is very seldom empty. Plan to retire again in 5 or 6 more years.
- Last winter we returned to Caribbean for 2 weeks on Windjammer Barefoot Cruise. We hadn't been for almost 10 years and wondered why we had waited so long to return. We love sailing - had to sell our sailboat when we moved due to lack of large bodies of water. Sailing in Caribbean is the vacation for us. We love Central Oregon and are happy we moved away from the valley where we lived most of our lives. I'm looking forward to seeing everyone at the Reunion and hope that those who can't attend respond to the survey. It will be great to see or hear about the lives of the Class of '63.

The 60's saw the introduction of new uniforms in professional football: Chargers' lightning charges, the Steelers' hypocycloid emblem, Packers "G," and the daring purple pants introduced by the Vikings in 1962.

Kent Sjolander

Married/Involved: Married to Carol since 1994

Kids & Grandkids: Two adorable grandkids: girl 7 months old and her 3 yr old brother, who live in Damascus, OR.

Work: Resident Manager at Kahana Gateway Apartments with free apartment with beautiful ocean view, one block from the ocean.

Life Summary: Spent 3 yrs. in Army, 20 months in Viet Nam, 10 yrs in Virginia (4 yrs at Va. Tech.), 11yrs in Washington DC area, 5 yrs in house on the water near Baltimore, MD, moved back to LO in '93. Married Carol in '94 and moved to Maui in '98. Enjoy scuba diving, snorkeling, swimming with dolphins and whales, fishing and helping people as part of my job. Also facilitate discussion group studying the "Conversation with God" books. My major joy is knowing that I (as a spiritual being) am in control of my life, I choose the thoughts I want to think and the attitude I take toward whatever happens to me, my disappointment is that I did not realize the full meaning of this until about ten years ago (when I also stopped drinking).

LOHS Role: I learned to love the water by swimming in the public swimming pool near the Lakewood School and the creek in Rogers Park. Was in Sea Scouts in High School which started my love of boating.

Plans: Plan to be apartment resident manager until too old to work. Enjoy the job, Maui, and helping tenants. Currently scuba dive, boat, snorkel and whale watch as much as I like whenever I like. Would like to visit Greek islands, but would not be too disappointed if don't get there.

Surprise Us: I felt like a nobody in high school, and a somebody in the Sea Scouts. Life is about finding out that we are all "somebody."

Susan Sleight Moffet

Married/Involved: Married 36 years (to the same man!)

Kids & Grandkids We have one daughter who is 35 years old, married, expecting her first child around Thanksgiving (yea!) and is an attorney in Eastern Oregon.

Work: Attorney. Practice is limited to adoption. Have been doing adoptions for nearly 20 years. My law office is located in N. Wilsonville (not far from the new Costco).

Life Summary: Went to business school; worked at phone company; got married at 23; had a baby in 1968; stayed home for a few years, then worked part time. Went to PSU from '79 - '83, graduated with a degree in Business/Finance-Law and a second degree in Psychology. Went to law school at Lewis and Clark and began practicing law. Started doing adoptions then and stayed with it. We haven't traveled much, although we have enjoyed camping trips over the years. We have always lived in the Portland area - my husband (Frank) is a Vancouver, Washington guy (Isn't it amazing how one can sum up his/her life in a few paragraphs. (Editor's note— had to edit for length)

LOHS Role: I only went to LOHS for my senior year after transferring from N. Eugene HS. I liked the school and students, but did not feel as "at home" there as I would have had I gone there longer. That being said, I had some really good friends and good times. I have always had a fondness for LO and the surrounding area

Plans: In 2001, I bought a bowling alley in Joseph, Oregon (where our daughter lives) with the idea that I would move there when I retire. I still may do that, but we are also considering other options. I will not be retiring for quite a while, so we are re-thinking our plans.

Surprise Us: I have surprised many people with my choice of profession, and the type of law I practice. They are also interested in the idea of owning and running a bowling alley in rural Oregon. (It truly has been a challenge!)

Ernie Kovacs died on January 12, 1962 while driving his white Corvair South on Beverley Glen when he tried to negotiate a left turn onto Santa Monica Blvd. He may have been trying to light one of his trademark cigars at the time.

Mike Solso

Married/Involved: Married to Judy (Allen) Parkrose '65 for 36 years.

Kids & Grandkids: Three daughters: Kristin DeBisschop 33, married to Robert "Bobby" --three sons: Drew 6, Brooks 5 and Blake 6 months. Kimberly Nagel 31, married to Tyler; one daughter Molly 18 months and ? due in February; and Hillary 25. All our daughters live in Portland area.

Work: Retired from US West in 1997 after 27 years as Director of Outstate Oregon Installation and Maintenance. Moved to Madras in 1999 to help brother-in-law get Radio Shack franchise store started. Judy and I purchased store from him in January 2000. Judy is a Senior Sales Director with Mary Kay Cosmetics (for the past 19 years). We moved into our dream home on two acres with a view of all the mountains from Broken Top to Mt Hood in February of 2002.

LOHS Role: Still feel fortunate to have grown up and attended LOHS. Adrian Dawson spent three days with us last week. Over the past 41 years we have crossed paths six or seven times on both sides of the Atlantic. Being an AFS American brother was one of the highlights of my years at LOHS.

Plans: See more of the world. Hope to have our Radio Shack self-sufficient in 5 years.

The Hudson House seen in "Whatever Happened to Baby Jane?" still stands in the upscale Hancock Park neighborhood of Los Angeles.

Nancy Sonneborn Larson

(Married/Involved: I have a soul mate, Dennis Terry. We have been together for 3 years 5 months. His 12 year old and 15 year old daughters live with us alternately. Diana, the 12 year old is going to school here in AZ this year. Denise, the 15 year old has lived with us for 3 years. She is with her mom in McMinnville this year.

Kids & Grandkids: Expecting my first grandchild in November. It's a BOY!!! Rebecca, my daughter, was married last year on August 31 to Vincent Hoffarth. They live in Canby.

Work: Retired - Budget and Financial Analyst, City of Tigard, July 2002. Started a Mary Kay business to keep me & family in product at wholesale and sell to a few friends.

Life Summary: The best part of my life started after 1997. That was a low year as I lost my mother. I lost my dad in 2000 exactly 3 years after mom. Since then, I have cleaned up my life, started caring about me rather than everyone else first. It's been a big attitude adjustment. Still have work to do, but am on my way. I would love to do some traveling, however, I cannot get Dennis on an airplane. So we will either have to travel by car, train, boat or bus. Still a lot of possibilities.

LOHS Role: LOHS gave us all the good background in education to achieve anything we wanted to. As much as I didn't like the school part, the friends and fun we had were really great. I have seen with Dennis' kids, just how good an education we received. They were in McMinnville schools and when we moved Denise to LO, she went from "A's" to C's & D's. It really took her a lot of work to catch up to LO's standards.

Plans: Even though I am retired, I need to go back to work doing something. I've worked sooooo many years that I really do not know what to do with myself all day. I would like to get the MK thing going more, we will see what happens.

Surprise Us: I always thought Larry Cable was the cat's meow.

Connie Sparks Luse

Married/Involved: Happily married to Walt for 38 years; started dating my sophomore year at LOHS.

Kids & Grandkids: Kids Brian and Cynthia--- both happily married. Both graduated from Lakeridge and from UO. Brian is children's pastor at Rolling Hills Community Church in Tualatin; Cynthia is full time mom in Los Altos, California; husband Woody works for eBay. Earlier, Cynthia worked in PR in downtown San Francisco. Three special grandkids: Rebekah and Peter in Los Altos and Charlotte in West Linn. We couldn't have dreamed of anything more fun than to teach and enjoy these little ones.

Work: Worked for 18 years as assistant to Sr. Pastor at Rolling Hills Community Church. Retired 5 years ago; don't know how there was ever time to work.

Life Summary: Lived in many states, but have been in LO for 30+ years. Travel Counselor for Bell Labs in New Jersey for 3 years. Stayed home until kids were in Elementary School (Bryant). When they reached middle school (Waluga), I went to work for Rolling Hills Community Church. Job was rewarding, but became very challenging as we grew from small group of 50 to over 3000. Have traveled to Spain, Yucatan peninsula, Wailea, Maui and several fun B & B trips across West Coast. Traveled extensively throughout New England when we lived in Boston area. Trip we most enjoy taking is to SF area to see daughter & family. Her children Rebekah and Peter are the joy of our lives. When I discovered that I had kidney cancer last February, my greatest concern was not being able to see the grandchildren grow into adults. I have had several conversations with God about this and continue to pray that I will be able to conquer the cancer (those of you who have experienced it, know it is not an easy journey). I have some good days and some that are anything but good. Secret is to keep both my faith and my hope healthy every day. I try to make the most of the days I am given and encourage each of you to consider each day a precious gift.

LOHS Role: Prepared me with great business and administrative skills. Many wonderful friends. Most of all, I met Walt and have been blessed with a wonderful marriage.

Plans: Enjoy children and grandchildren, hopefully conquer the cancer, and travel as time and health permit. We will retire this fall and spend as much time together as we are allowed.

Surprise Us: We have lived 31 years of our married life in Lake Oswego and still enjoy it. Our kids grew up entirely in LO school system, living in same home the whole time. We have been blessed by our kids and always enjoy returning home to Lake Oswego from our travels.

Carolyn Steers Sargent (a.k.a.: Bibsy - my long abandoned nickname)

Married/Involved: Married college sweetheart and best friend, Fred. We celebrate 37 years of marriage this month. Probably the most spoiled of wives with romantic man who loves to surprise me and treats me like royalty.

Kids & Grandkids: 3 adult "children." Our oldest is Katie Grant, married to Brad with three adorable children, Nathan, 7, Janie, 4, and Katelin, 2. Katie is "stay at home" mom; Brad works in management at Costco. They live 3 minutes from us; we are involved as doting grandparents. Son Greg is married to Kristen, a nurse who grew up in Toronto. They reside near Detroit, Michigan; Greg works for federal government. They are not yet parents. Daughter, Emily Gebers, married to Boyd has one-year-old daughter, Madeline. Emily is "stay at home" mom also; Boyd is middle school teacher. They live about 15 minutes away, so we are able to be very involved in their lives as well. We miss having Greg and Kristen close, but understand their need to be close to Kristen's family.

Work: Licensed Mental Health Counselor with Masters degree---worked mostly at two community mental health agencies for 20 years. I started a private practice 2 yrs. ago & work closely with a psychiatrist and group of counselors. This has given me great deal of flexibility and satisfaction from being independent.

Life Summary: Attended OSU and was member of Gamma Phi Beta Sorority; graduated with Bachelor's degree in Education. Fred & I were married between my junior and senior years. We lived in SF area for number of years where our 3 children were born. Fred worked as engineer for Bechtel Corp. Lived in Pennsylvania for 2 years when he worked on construction of power plants. Moved to Washington in 1977; I have learned to enjoy the desert (when I can stay in air-conditioning!). I do miss the beauty of western Oregon. I became a Christian 33 years ago and remain active in my prayer life and continue to strive to be a witness of my Lord and Savior, Jesus Christ.

Plans: I love the Lord and want to serve Him in my daily life. I love my work and want to continue as long as I can be of help to people and enjoy it. Being with family is a big priority, and my job accommodates this goal. I have the ability to spend time with friends and family and enjoy a relaxed life style.

Top Singles of 1963:

"Blue Velvet," Bobby Vinton
"Dominique," The Singing Nun
"Fingertips, Part II," Little Stevie Wonder
"He's So Fine," The Chiffons
"Hey Paula," Paul and Paula
"I Will Follow Him," Little Peggy March
"My Boyfriend's Back," The Angels
"Sugar Shack," Jimmy Gilmer & The Fireballs
"Sukiyaki," Kyu Sakamoto
"Walk Like a Man," The Four Seasons

Pete Stevens

Married/ Involved: Married 33 years--Janet

Kids & Grandkids: Three daughters: Laine (26), Dana (23), Beth (20). Three grandsons: Josiah (5) Cameron (4)Cory (3).

Work: Worked at PGE for 15 years. Controller at Stevens Marine, last 12 years.

Life Summary: Married Janet in 1970. Bought property and built house in Newberg, 1977. Raised three daughters---all out of house now. Enjoy competitive waterskiing, handball, snow skiing, bicycling, ATVs, camping, vacationing in Mexico with family.

Plans: Retire in next couple of years. Travel, work around property, spend more time with family and friends.

Steve Strecker

Married/Involved: Married to Susan for 35 years

Kids & Grandkids: Three daughters. Gretchen works in DC for Department of Agriculture, Heidi-- Telluride Colorado, Katrina-- Aspen Colorado, all happy and productive. No grandchildren; the girls are having too much fun.

Work: Retired for three years now and loving it. Management for Weyerhaeuser Co. for 23 years. VP for Allegheny Technologies four years.

Life Summary: Most significant: Susan and I raised three lovely daughters who have all completed university and are productive, fun loving citizens. We are very close and enjoy a strong adult relationship with the girls. As a family traveled to Europe, Mexico, Caribbean, Alaska, San Salvador, New Zealand, Hong Kong, Japan, Thailand, Laos. We are a family of snow skiers and enjoy the slopes together often.

LOHS Role: Everyone must grow up somewhere and LOHS was great. Clearly set the expectation for achieving a quality education that paid off every day of my life.

Plans: Taken up sailing in retirement and plan to combine bareboat cruises on our annual trips around the globe. Places such as Greek Islands, Whitsundays, Fiji, Andaman Sea, Caribbean, etc. Will visit Thailand and Australia this winter, as well as golf and snow skiing. Our goal is to travel around the globe every year as long as we are able to explore new lands and meet new people. We spend summers in Oregon, catching up with friends and family.

Surprise Us: I was Project Manager responsible for construction and startup of a \$45 million Electron Beam Cold Hearth Furnace Plant for the refining and alloying of Titanium. At the time only the second such facility in the world. This process required for roto-grade Titanium application in combustion turbine engines (jet engines).

1962: Unimation markets the world's first industrial robot.

Kay Studebaker Allenbaugh

Married/Involved: Happily married to Eric Allenbaugh for sixteen years.

Kids & Grandkids: Four grown sons, two daughters-in-law, AND three grandbabies, two boys and a girl!

Work: For last 10 years I've authored Chocolate for a Woman's Soul book series. Includes 13 books to date and is published with Simon & Schuster.

Life Summary: After graduating from OSU in 1967, lived in Denver and Evergreen, Colorado with first husband. Also lived in Oregon and Washington for number of years. After painful divorce, moved back to Portland and worked for Good Samaritan Hospital. Five years later, I hired a consultant (Eric Allenbaugh) to do training session. Both single, we "noticed"

each other during those two days and got married a year later. Together we have traveled to Africa, Russia, Western Europe, the Caribbean. Now enjoying the lake and live in a cabana on Lakewood Bay.

LOHS Role: Given all the current struggles with school funding, I feel fortunate to have had a good education and lots of activities provided. I just wish I'd concentrated more!

Plans: I want to spend even more time with our grandbabies and retire within the next 5-10 years.

Surprise Us: I was terrified of taking Speech in high school and avoided it at OSU. It is ironic that I eventually needed to speak a lot -- nationally while promoting the book series. I got over my fear, but it would have been easier if I'd tackled that early on!

Kent Studebaker

Married/Involved: Married (34 years)

Kids & Grandkids: Two beautiful daughters. Youngest is married and living in San Diego. Oldest is engaged and will be living in Australia beginning 2004. No grandchildren.

Work: Manufacturers' Representative for companies that make industrial power transmission equipment.

Life Summary: Graduated from U of O law school and went immediately into Marine Corps for 3 years as JAG Officer. Practiced law as deputy district attorney (3 years) and corporate attorney (10 years). Then into my present occupation. I have been blessed with a wonderful wife and two great daughters, as well as many very good, long-standing friends. Life has been very full. My big disappointments are that events have gone by so quickly that it is hard to separate out and remember individual ones, and also that I have not changed the world. My joy is that I think I have changed part of the community around me.

LOHS Role: It was a very good education scholastically. It was also somewhat socially educational. I had some fun times, but I would dread doing it over again.

Plans: Want to retire comfortably by 65 and then enjoy all the things I am doing now - plus some more creative things - at a more leisurely pace.

Surprise Us: I married my step-sister.

1960: Elvis returned to the music scene from the U.S. Army, joining the other white male vocalists at the top of the charts: Bobby Darin, Neil Sedaka, Jerry Lee Lewis, Paul Anka, Del Shannon, and Frankie Avalon.

Shira (Carol) Subotnick

Married/Involved: Yes--Manuel Marrero

Kids: -0-

Work: Vocalist. Perform across the nation with symphonies & big bands singing pops, big band & jazz.

Life Summary: Been around the world 3 times. Graduated from Hebrew University of Jerusalem, Israel. Now do architectural landscaping---am an artist: sculpture, metal, ceramics, mixed media.

LOHS Role: It played NO role!!!

Plans: Just what I'm doing now.

Surprise Us: Never been married.

1963: The first communications satellite is placed in geo-synchronous orbit.

Norm Sundholm

Married/Involved: Involved, not involved, involved, not involved, etc.

Kids & Grandkids: 2 Grandkids.

Work: Back to work after 7 years of retirement.

Life Summary: Lived in LO then moved to Montana, to Ventura California, back to LO, then 7 years sailing in Latin America. Back to LO and now live in Woodburn. Had various businesses from electronic manufacturing, a restaurant, to a software company. Currently work in financial lending business.

LOHS Role: Lots of good memories and friends.

Plans: Might consider settling down.

Surprise Us: Don't think I could do anything that could surprise anyone.

(John) Van Swarthout

Married/Involved: Single, not involved---not looking to be. I have the perfect family!!!! I am the luckiest guy in the world to have as my ex-wife, Kathy Deal. She'll probably kill me, but I will say she's my best friend. (I claim that we will grow old together---separately) Not only that, but she is a great Mom to our daughter, Jaime.

Kids & Grandkids: Jaime is a wonderful kid. I sometimes feel that I have been a bad Dad because I have never disciplined her; her conscience seems to do a good enough job. Not to brag toooo much, but she is a 4.0 student and spends about 20 hours per week with her horse and working at the barn to earn her riding lessons. (Mom supports the kid, Dad supports the horse; Jaime supports her habit).

Life Summary: Since I am the only child remaining in my family (my sister having died at age 29), I have selected my family of six "brothers" --- my men's group. We have been together 14 years, meeting every other Thursday evening at my house to "emote" and receive support. I've been working on a "family tree" which goes back in one line to 1570 in Holland. It has been exciting as I have found cousins all over the country---and in Canada. Professionally, I have been all over the map, returning to my passion, teaching political science. Started college teaching in 1968; left to take political appointment at Multnomah County (continued part time teaching at Portland State). Was appointed Multnomah County's first Personnel Manager. Left the County and went into private industry as personnel manager for general aviation facility. When they were bought out by Chicago corp., joined the ranks of investment brokers (stocks, etc.) with Kidder Peabody, eventually leaving them to start my own firm. When Jaime was born, I semi retired, working as a volunteer in her schools--until she kicked me out when she got into High School at Wilson. In 1965, I returned to teaching part time and have been doing that ever since. Still waiting for full time opportunity, but in meantime, I have been fortunate to teach at Marylhurst, Oregon State, Portland State, etc. Intend to teach for another 12 years or so, hopefully full time SOMEPLACE. So I have returned to my passion and, although the finances currently hurt a bit, I am going to stick it out.

LOHS Role: (Besides giving me a darn good High School education) One name: Marvin Lieske. (Anyone know where he is?). Senior year we had a giant paper to do. He allowed me to write it in the area of political theory---and had a PSU Prof. (Charlie White) grade it. That started me on my way. And friendships. And my ex (Kathy Deal) whom I "re-met" at our 20 year reunion and married. So LOHS experience was foundation of both my professional and personal lives.

Surprise Us: I was suspended for smoking in the cafeteria (WITH Mr. Lomax, the band teacher---and another unnamed student from our class) during intermission of one of our Musical performances.

1962: Jackie Robinson, the first black American to play in major league baseball, was placed in Baseball Hall of Fame.

Don Taylor

Married/Involved: Yes and Yes! Met Pam in 1985 in San Antonio. She was living in Virginia, and I, in Arizona. Long distance courtships do work. We married in 1986.

Kids & Grandkids: Two children: Amy and husband live in LA. Just received Masters and is Nurse Practitioner. Husband is seeking acting career---has appeared in commercials & will be in "Alias" this Fall. Son Tim is Captain in AF, working in Logistics. Just assigned to Hawaii---tough duty but someone has to do it.

Work: Still using skills I learned in the service--I fly 737s (like Southwest Airlines uses) but fly for private company.

Life Summary: After college, spent 28+ yrs. in AF. Lived in ten states; visited 40 countries. Stationed in Germany when Berlin Wall came down. We experienced history as it happened.

LOHS Role: Provided a forum for our lives' experiences. I believed then and still do that the people in our class were special. They got involved and stayed involved (like they did in bringing reunion together).

Plans: Plan to fly for several years. Pam will continue to teach Music. Hope to attend next reunion, have a few beers, tell a few lies and visit with special people. Hope for grandchildren--would travel to spoil them. Pam wants to see Great Wall.

Greg Toller

Married/Involved: Married to Barbara for 10 years. No children. Live on 200 acres in remodeled 60 year old farm house, along with 3 labs and a beagle. I play at managing 4 farm ponds and various food plots for the deer and turkey.

Kids & Grandkids: Two sons. The oldest lives in Kansas City, graduated for KU and works for Circuit City. The second son is in college in Conn. and lives with his mother. The oldest keeps on saying is going to get married soon, but no date has been set.

Work: Currently manage multimedia company in Kansas City. We have an outdoors based informational website (dto.com) produce a television show (The Outdoor Channel) and produce animated training videos entitled Point Of View Training. I also continue to do some consulting work on a project basis when something interesting comes along.

Life Summary: Discharged from Air Force in December 1968. Lived in Alaska until 1972 when went to work for Johnson & Johnson. Spent 6 years with J&J, moved 10 times with different responsibilities. Joined Kingsford/Clorox for 3 years, Was president of charcoal company in South Carolina for 8 years until 1988. Moved to Conn. to manage Chinest Tableware

consumer brand. Divorced in 1990. Retired from Chinet, and became president of advertising/public relations agency in New York City. Hated working in New York; accepted job to be president of food company in Kansas City, got married and have been here every since. Have done specialty consulting since 1999 and involved with media company for last 2 years. I have enjoyed my working career and the opportunities it has given me. Was able to travel on business, as well as hunt and fish throughout Europe, Middle East and Far East. Hated the fact that I was away from home so much, but it was always part of the job. I am envious of everyone who was able to stay in Oregon, make a life and career, and stay connected. I have been able to stay involved with my two major hobbies, fishing and hunting due to my work. Have been able to tournament fish throughout the Caribbean as well as Central and South America.

LOHS Role: I was not a serious student in those days, and surely did not maximize the experience. My primary memories are of friendships which I still value and being able to grow-up in what has turned out to be a much simpler time.

Plans: I cannot imagine just being retired and look forward to being actively involved with assisting others build their companies and prosper. I am able to spend over 100 days a year fishing, hunting and traveling so it isn't as though I have an 8 to 5 job.

1961: Academy Award for "Best Picture" goes to "West Side Story."

John Turchi

Married/Involved: Married to Gwen Hill (current principal at Hallinan Grade School in LO) for 2 and a half years.

Kids & Grandkids: Daughter Claire (28) on full scholarship to medical school at Vanderbilt University. Daughter Anne (26) administers grant for YMCA in Portland. She lives in Camas and is graduate of Emory University.

Work: After 34 years I have retired from public education.

Life Summary: I stayed in LO and taught history and government at both high schools. Was also vice principal and principal of both high schools. Completed my career as principal of River Grove Elementary School in LO. For the past two and a half years, have served on Lake Oswego City Council.

LOHS Role: I must say it is different supervising your former teachers. LOHS obviously played a big role in my life. At 50th anniversary of the school I was given an award for having the most connections over time with the school as student, teacher, coach, vice principal, and principal. I am proud of the fact that I am the only student and teacher from the school district to ever serve as principal. At the same time, I'm not that much of a promoter of school spirit. That comes in lesser or greater degrees from the individual experience each person has had with the school. My daughters had very different experiences with the school. One very positive and the other not so positive. Generally I had very good teachers in high school and that quality still remains at the school.

Plans: I still hope to do many things for my home town and the larger community.

Surprise Us: Have photography business & will be featured artist at Lake Oswego Library starting in October, 2003.

Pat Turner Wilshusen

Married/Involved: Bob and I have been married for 35 years. Born and raised in Boulder, Colorado, he just finished his 38th year with the Boeing Co. and plans to retire the end of the year.

Kids & Grandkids: Daughter Amy, 31, graduated with masters degree from OSU, taught first and second grade for 7 years and is now loving being Mom to one-year-old Hayden Benjamin Chase. Erin, 28, graduated from WSU and is the ticket manager for Seattle Seahawks. Grandparenthood is more wonderful than we ever expected. We are lucky that all live within 40 minutes drive of us.

Work: After teaching 9th grade English and journalism for 3 years, I took my 5th year at UW and promptly changed my work environment, becoming a full-time homemaker, Mom and volunteer. The girls are gone now but life continues to speed up with more things to do than I have hours in my day.

Life Summary: Our life has certainly not been without its challenges, but I feel very blessed. At the time of our "third 10 year reunion" we had both girls in college and Bob and I were leaving for 3 weeks of Britrail and English B&B's to celebrate our 25th wedding anniversary. The travel bug bit us and Bob's cancer that winter reinforced our resolve not to wait for retirement to continue our travels. We've been to Europe a number of times since and continue to love the history, people and the beauty of the things we have seen. I love to entertain and garden, and our home seems to be the place for family and friends to gather. My Christian faith is an important part of my life and, while I am not as busy at church as I once was, I am still involved in Bible Study Fellowship. To keep the synapses sharp, I started studying French at the community college. Without an immersion experience I will never be fluent but I love the study and have made some very special lady friends through my classes. I thought that life would slow down as we became empty nested but it seems like each day moves more quickly than the last. My time quickly fills up with things to do for others and there is much yet to be experienced and enjoyed. I wish you all good health and God's peace and look forward to hearing your news.

LOHS Role: The love of literature, the zest of life and the belief in the goodness of others that Miss Murty embodied continues to enrich my life. In June I flew to Boston and spent time in Concord visiting the haunts of Emerson, Thoreau, Hawthorne, and the Alcotts, and I knew she would have loved the day. All the papers I wrote for Mr. Robertson, Mr. Lieske, Miss Murty and Mrs. Spencer prepared me well for college and for much of what I've done since.

Plans: I'm trying hard to relax and live in the moment and so you'll have to check back with me at our 5th "ten year reunion" and we'll both know!

Surprise Us: My adjectives are "organized" and "in control" but not "surprising." I'm working on that. Check with me later!

Nancy Vaughn Olsen

Married/Involved: Married to Norm, my OSU sweetheart since 1967.

Kids & Grandkids: Two great kids--Daughter, Kristen, works in residential real estate, married to Eric, a chemical engineer with Procter and Gamble. They spent two years in Atlanta while Eric got his Masters degree at Georgia Tech. We have one darling granddaughter (just 3 yrs, but very precocious!) with a baby brother due in October. Their home is in southern California. Son Erik, married his UW sweetheart 2 years ago and after high-tech job losses in Bay Area, spent the winter skiing in Colorado. Now both employed in San Francisco, they just bought a house in the Oakland area.

Work: Graduated from OSU in 1967, Taught third grade in Univ Place Schools in Tacoma prior to moving to Bellevue. Was actively involved in PTA, and Bellevue Education Association. Returned to education as substitute teacher for Bellevue Schools in 1986, and enjoy my continued contact with children in grades K-5.

Life Summary: Having great proximity to Puget Sound and the San Juans, we became avid boaters. We cruised the waters between Seattle, the Canadian Gulf Islands and Desolation for years. Last year we joined friends on a private 55' sailboat and sailed on the Atlantic coast. After years of playing tennis, both competitively and casually, I am now working on my golf game. We spend time during winter months in Palm Desert and Arizona. We're not really "snowbirds," we have to be close to the mountains for snow skiing as well. Norm is more avid than I am.

LOHS Role: Oswego was a great place to grow up. LOHS prepared me for "bigger and better things" – college, marriage, a move to Washington, family, great friends, and much satisfaction and joy in life.

Plans: I plan to substitute one more year. Norm is self-employed and very flexible in his schedule, so we travel quite a bit right now. European travel beckons us.

Surprise Us: Remember walking to top of our hill (where Larry Cable lived) hoping to "accidentally" see him in the yard.

Lou Wallman

Married/Involved: Semi involved

Kids & Grandkids: 3 children---6 grandkids

Work: Mortgage lending with Bank of America

LOHS Role: Part of my Karmic lessons

Plans: Retire overseas

Bruce C. Ward

Married/Involved: My partner is Mary Lou Pentasuglio, a tour director, caterer, & massage therapist. We met training for a mountain marathon 3 1/2 years ago, and I moved to Buena Vista in 2000.

Work: Realtor for 27 years—in Hawaii—Houston—Denver—and now, Buena Vista.

Life Update: As hobby (occasionally paid), have helped direct over 100 triathlons, duathlons, & running races. Most interesting aspect of my life has been my travels. First was junior year in college in Holland—then 1975 and 1976 working for American Express International Banking in Frankfurt, Germany—1977 Nederlandse Credit Bank in Amsterdam (bought a houseboat) —1977-1980 moved to Hawaii and started real estate. In 1990, did solo 2,500 mile, 3 month bicycle trip through East Germany, Czechoslovakia, Hungary & Poland and one month cycling Ireland. In 1995, spent over 5 months mountain bicycling through New Zealand. In 1997, spent 7 months camping, cycling, rafting, diving in Australia. In 2002, Mary Lou & I biked southern coast of Portugal for 23 days; in 2003, spent 6 weeks biking through Thailand.

Plans: Travel to Thailand, New Zealand, Italy, Peru; climb Kilimanjaro (Mary Lou has already done Rainier, Whitney, McKinley, and Aconcagua, Argentina).

Surprise Us: Ironman Triathlon—Kona, Hawaii, 1986—11 hours, 34 minutes—2.4 mile swim, 112 mile bicycle, 26.2 mile run. Leadville Trail 100—running race, 1991—29 hours, 48 minutes—100 mile run starting at 10,200 feet in Leadville, Colorado and climbing two 11,000 and two 12,500 foot passes over the course. Starts at 4:00a.m. on Saturday morning and finishes at 10:00a.m. on Sunday morning.

Edward I. Waterbury

Life Summary: Attended Oregon State University from 1963-1965 (Track Team-Javelin 1963), Portland State University from 1965-1967, Pratt Institute (Brooklyn, NY) 1966, University of Oregon from 1967-1969 and graduated with a Bachelor Degree in Architecture in 1969. Have been in Eugene since graduation from U of O. Partner in firm of Unthank Poticha Waterbury Architects, Unthank Waterbury Architects and currently Waterbury Architects. Member of the American Institute of Architects (President of local chapter 1977, President of Oregon Council of Architects 1980). Member of US Green Building Council. Played Rugby for Portland Rugby Club 1970-1971. Founded Eugene Rugby Club in 1971. Stopped playing Rugby, wisely, in 1984. Married in 1970 and divorced in 1985. Daughter Sarah (31) and Granddaughter Hannah (4). Happily with "Significant other" Jolayne McDow since 1990. Live in brick condo next to Willamette River in Eugene. After living in Eugene for 36 years I still have not become a hippie and don't have any plans to do so in the future in spite of the pressure. Have been oil painting since 1965. Enjoy riding the occasional odd horse and fly fishing.

LOHS Role: Looking backward, since I was academically unsuccessful, the friendships of '63 (and '62 and '64) classmates are what I value the most from LOHS.

Plans: Still plan on practicing architecture until someone else comes up with a good reason to stop. I don't plan on retiring. I'll have to drop dead in my tracks with a design pencil still clutched in my hand, I guess.

Surprise Us: Since I had to be tutored in algebra, Spanish in order to graduate and was tossed out of Mr. Christianson's chemistry class because I was just not getting it, I managed to do well in these areas in college and ended up as an Adjunct Professor of Architecture at the University of Oregon teaching Design Studio. I never would have thunk it.

Tom Wells

Married/Involved: Married for second time to a wonderful woman that I will spend the rest of my life with.

Kids & Grandkids: Five kids between us, three girls two boys. Three girls are married, two somewhat local with three grandkids (finally), Brittany (23 mos), Jordynne (4 mos) & Jackson (11 mos). My daughter is an artist living in England with her husband. The two boys are single with one in Colorado and one in Huntington Beach.

Work: I am a plant manager for company that makes car, bus & truck wash systems. I have been there for 11 years.

Life Summary: Spent 30 plus years working in computer industry in service, programming and management to watch the bottom fall out of computer industry, at least that of the large main-frame systems. After starting over in a much less technical industry I am enjoying a company that is a leader in a still growing market. A very comforting feeling these days.

LOHS Role: Wish I paid more attention to school and forming friendships.

Plans: I cannot imagine retiring and wondering where to spend my energy.

Surprise Us: Quite the opposite of when I was young, I now enjoy mountain biking I spend ten to fifteen hours a week mountain biking in the southern California mountains.

1960: Xerox introduces the first plain-paper copier, the Xerox 914.

Lloyd West

Married/Involved: 34 years to Colleen

Kids & Grandkids: Two girls and 6 grandchildren (4 boys and 2 girls). They live in Portland area

Work: Currently Vice President, Merant Corp: Enterprise Change Management and Web Content Management Software Products. Company is located in Hillsboro. Previously: NetIQ Software-Vice President International Operations and Intercontinental Operations; Tektronix: Vice President/General Manager, European Operations, & Vice President, Asia Pacific Operations-Color printers plus numerous other sales, marketing and planning positions.

Life Summary: B.S. Oregon State University: Emphasis Business and Mathematics. M.B.A. University of Oregon: Emphasis in Marketing. O.S.U. Golf Team: Northern Division Champion, PAC 8, NCAA Championships 1966 and 1967. NCAA East West Allstar Matches. All Northern Division Team 1966 and 1967. First Lieutenant, U.S. Army--Served in Vietnam-1970-71. Traveled to over 40 countries (Asia Pacific, India, Europe, Africa, South America) and lived in UK outside of London. Recently went scuba diving off Great Barrier Reef in Australia. Currently on Board of Advisors for Thunderbird, The American Graduate School of International Management; Board of Directors of LightSPEED Technologies and Hope Unlimited--Teen Reach Kids Camp. Attend Rolling Hills Community Church and attend a local fellowship group.

LOHS Role: Good academic schools with teachers concerned for the students.

Plans: Travel to Chile to Patagonia. We are too busy to think about retirement yet but will probably spend time between Oregon and Hawaii. I am active on some boards and may increase my time in charitable work.

Surprise Us: That I have been a guest lecturer at universities and have given speeches to audiences of over 1,000 people in different locations of the world.

1961: At MIT, the first time-sharing computer system, the PDP1 is developed for IBM's 700 & 7090 computers. It is marketed the following year.

Janice Whelchel Cowan

Married/Involved: Married to David Cowan

Kids & Grandkids: No kids, just two cats that rule the house.

Work: I'm a 4-H Youth Development and Home Horticulture Extension Agent with Oregon State University in Baker County. I work with 4-H kids in leadership development and the OSU Master Gardener Program in Baker.

Life Summary: I moved to San Francisco and worked there for 12 years. Decided to come back to Oregon and get degree in education. Been working in Baker ever since. Have traveled to Tanzania Africa for a visit. Traveled to Costa Rica on a 4-H Agent Exchange trip.

LOHS Role: At the time I was at LOHS I didn't pay much attention to the quality of education I received. I just studied and grumbled about homework, like everyone else. Now, working with the youth of today, some kids are just great, but so many are falling through the cracks, not receiving a good education or caring about their education. I really appreciate the teachers I had in high school and the high standards they set for us.

Plans: I hope to do more traveling when I retire. I would like to move back to the west side too. Living in eastern Oregon, I miss the color green!

Surprise Us: Absolutely nothing!

1962: First rubella vaccine becomes available.

Barbie White Kelleher

- Daughter: Gina married to Jud Schaefer 1 daughter: Alex 2 1/2 1 son: due 8-28-03
 - Son: Rob has a great girlfriend Kelley
 - Work: Fashion Show Backstage Coordinating for Meier & Frank and Columbia Sportswear.
 - Babysit Grandchildren 2 days a week
 - Activities: Golf, Grandkids, Decorating, Quilting & Being with good friends
-

1963: First successful human organ transplants take place.

Jan Willenbring Safley

Married/Involved: Married to Gordon for 38 years.

Kids & Grandkids: Three boys—too young to be a grandma.

Work: Executive Director of local Consumer Credit Counseling Service

Life Summary: Traveled around for 22 years while Gordon was in the Navy with time in Pennsylvania, San Jose, Monterey, Guam, U of Illinois and two tours in Hawaii. Moved back to Safley family stomping grounds and built house on the Rogue River a couple of years ago. Received a BA in English at the U of Hawaii after three years at U of Oregon and a Masters in Education and Counseling from the U of Guam.

LOHS Role: High school played a positive role in my life with good friends and inspirational teachers such as Ms. Murty. Seems a long time ago.

Plans: I have a few years left before retirement. My career in credit counseling has been challenging and personally satisfying. No major retirement plans---play a little, volunteer a little and enjoy friends and family.

Surprise Us: Nothing would surprise most of us after all these years.

Janet Williams Kurkoski

Married/Involved: Married for 35 years to Leo. Leo retired in 1999 after 34 years of service with federal government, most as an engineer for Bonneville Power Administration. He volunteers at church, with The Grotto, is involved in Toastmasters.

Kids & Grandkids: Brian, age 32, working on doctorate in information theory at University of California at San Diego. Dan, age 29, works for software company in Colorado Springs, Colorado. Tim, age 25, does technical support for Adobe software. No grandchildren yet but I do have 3 grandpuppies!

Work: I retired as a family and consumer sciences and health teacher in 2002. I substitute now.

Life Summary: Completed bachelor's and master's degrees at Oregon State. Teaching was a great joy for me, and very fulfilling. I taught full time for a total of 17 years in Portland and Washington. I taught part time for Portland Community

College in 1970's. During the years my sons were growing up, I did a lot of volunteer work for Boy Scouts, church, and schools. Returned to full time teaching in 1988, and was awarded Teacher of the Year by Oregon Family and Consumer Sciences Association in 1997. In 1998, served as president of Teachers of Family and Consumer Sciences in Oregon, a professional organization, and helped write Oregon Department of Education curriculum for middle school family and consumer sciences education and health education guidelines.

Leo and I enjoy walking, gardening and traveling. For last 10 years, we have participated in Portland to Coast Walk. We've been to Italy, Poland, Scandinavia, and Japan. We recently sold our house in Portland and are building a house in Washougal. Our 3 sons are a great joy to us, and we frequently travel with them or to see them.

LOHS Role: The high level of expectations set a standard that followed me throughout my life. English and social studies classes taught me how to think analytically. The education I received at LOHS is the standard by which I judge other high schools. Very few, in my opinion, meet that standard of quality.

Plans: Survive building a house with my marriage intact. Seriously, I want to continue to love, laugh and learn.

Surprise Us: I hated math classes.

1963: In USSR, Valentina Tereshkova becomes first woman in space, piloting *Vostok 6* and completing 48 Earth orbits.

Kathy Williams Bamford

Married/Involved: Married to Doug since 1967.

Kids & Grandkids: A daughter, Amy, 32, and a son, Greg, 28.

Work: I am a principal in Recharge, a corporate communications company. My training is in Educational Psychology (PhD, Washington, '91).

Life Summary: We've been living in Seattle since 1976 and call all the Northwest home. I honestly don't know if I love LO or Bellevue more.

LOHS Role: I remember the friendships and the excitement of all the activities outside of class. High school was great fun; studying was just to get by. I really cared about all the people.

Plans: I actually don't feel ready to look backwards. I especially like working with technology companies (Microsoft, Lawson Software) and watching them create the future.

Surprise Us: I hit a burglar over the head at the UO Kappa house. He was apprehended and prosecuted. Luckily, I've never been called on to do something like that again.

John Willis

Married/Involved: Married to Kathy

Kids & Grandkids: Combined 4 children and 8 grandchildren

Work: Employed in the food industry entire career

Life Summary: Education: PSU B.S. 1968 Lived in Portland area all of my life.....so far ! Have traveled outside the U.S.

LOHS Role: LOHS gave me the opportunity to make friendships that have lasted a lifetime.

Plans: Enjoy working.....no retirement plans. (Please ask again at our 50th Reunion)

1963: IBM introduces a word processor that stores typed material in coded form on magnetic tape, allowing the operator to enter corrections without having to retype an entire page.

Laurel Wilson Cookman

Married/Involved: Married to Scott Cookman (LOHS class of '61) for 40 years

Kids & Grandkids: Three children - Kimberly is elementary school teacher, married to Dirk Ellsworth, a manager for Target; they have three children. Twins Hannah and Spencer are seven and Grant is five. Scott Jr. is Tech Sgt. with US Air Force; he is married to Kimberly Bates and they have two children. Mathew is twelve and Megan is 10, Kim and the kids are at RAF Base at Croughton near Oxford, England. Lisa is a Nurse Practitioner for Cardiology Unit at OHSU, she is married to Steve Enger an accountant for a major corporation, they have a 20 month old daughter named Addison and are expecting a second child in March 2004.

Work: Scott and I own and operate Willamette Gables Riverside Estate a Bed & Breakfast/meeting, event and wedding site. We have been able to put all of our life skills to work. We enjoy meeting people from all over the world. This is the third business we have had the pleasure of starting.

Life Summary: I have lived within 30 miles of Portland all my life. We bought our first home with the money we received as wedding gifts and have been buying and selling real estate ever since. By the time I was 40, we were millionaires. Most of my adult life I have been the CEO of our own companies and a Community Leader, you might say I thrive on challenge.

We have traveled throughout most of the United States and the United Kingdom. One of my greatest joys in life comes in doing what others say can't be done.

LOHS Role: While in high school I developed friendships that have lasted for 40 + years and learned that I was strong enough to stand up to any challenge that life threw at me.

Plans: I hope to be able to continue sharing knowledge and the fruits of our labors with others. Someday I may retire from business but not from living life to its fullest. We hope to travel a lot more.

Surprise Us: I almost died my Junior year when I got poison oak in my blood stream. I am an Ordained Minister. This might surprise everyone, including those who think they know me well. I guess I have been deaf for so long that I forgot about telling anyone. In 1965 I was diagnosed with Otoclerosis, a disease that hardens the vibrating parts of the ear, which caused me to lose 75% of my hearing by the time I was 35. I am very lucky that high powered hearing aids allow me to lead a normal life, however I truly understand the statement "Silence is golden."

ADDENDUM: Scott Jr. was just sent to Tallil Air Base, Iraq, which is near the town of Nasiriyah(the town Jessica Lynch was taken from). Keep him in your thoughts and prayers.

Beryl Yandle Halladay

Married/Involved: Married to Jerry Halladay

Kids & Grandkids: Children: Alycia - assistant research professor at Rutgers University (neuroscience) - studying the environmental triggers of autism on NIH grant. Jeffrey - MD/PhD student at University of California at San Diego worked this summer on research to develop a cancer vaccine. Alycia is married; Jeffrey is engaged - no grandchildren yet

Work: Retired after a varied work career that ranged from dental hygiene to university professor to community health consultant and finally to commercial real estate with specialty in retail. We moved a lot in our early married years, and I needed to be flexible. However, I much prefer my life now as a community volunteer. I am active as a researcher and docent at the Museum of Northern Arizona and assist several foundations in reviewing grant applications.

LOHS Role: I have lived in many communities throughout the United States and have enjoyed travel throughout the world. However, my very favorite location is Lake Oswego. My father still lives in the same house where I grew up, and I always enjoy trips back to Oregon. The reunion was great fun and I shall never miss another opportunity to get together with LOHS classmates.

1963: Martin Luther King, Jr. makes his "I Have a Dream" speech.

Mary Yoder Wright

Married/Involved: I have been married to only one person, Walter Wright. We have been married for thirty years.

Kids & Grandkids: We have two daughters, ages 26 and 22. The oldest, Valerie, is married and lives near Pensacola, Florida. She works with juvenile delinquents for the state of Florida. The youngest, Gabrielle, lives in the country near Medford. She works for a builder's exchange and a landscaper. She is attending Rogue Community College, and hopes to soon transfer to University of Oregon. No grandchildren in sight yet.

Work: I teach children with special needs for the district of Central Point; sixth through eighth grade. I love it! I have no plans to retire.

Life Summary: After attending University of Oregon, I taught in inner-city schools in Portland for three years. I went to Japan, and taught on an air force base for Department of Defense. I saw most of Asia during those three years. Moved to Sitka, Alaska in August of 1973, met Walt, and we were married December of 1973. We lived in Alaska for twenty-two years. Traveled to Jamaica, a lot of the United States, and went to Melbourne, Australia where Walt had a teaching exchange for one year. Lived in Hawaii for four summers. We moved to Medford in 1995. We are Route 66 lovers. My passion is gardening (my husband abhors it!). We love cooking, reading, and having company. We will travel anyplace, anywhere, at the drop of a hat!

LOHS Role: LOHS played an enormous goal in my success in high school; I feel we had terrific teachers who really cared about us. Maybe that is why I became a teacher!

Plans: I want to continue to inspire young adults to be all that they can be. I have no retirement plans; I would like to be a teacher who teaches into her 90's

Surprise Us: Some of my classmates saw me as shy; well in 1971 I led a nighttime skinny dipping party in Bali. Guess I got over my shyness!

1963: President John F. Kennedy is assassinated in Dallas, Texas.
